PRESENTATIONS

In order to inform county residents about alcohol and drugs, trends and actions to take, county groups (such as schools, PTAs, churches, city councils and others) occasionally request presentations about these issues. We get these requests either specifically for our agency or for the Substance Abuse Coalition of Collin County, of which we are a part. Our expertise is in discussing drug trends in general, adult and adolescent use in Collin County and parenting information. These presentations are generally given free of charge. We bring handouts included with the presentation and we often have a display of drug paraphernalia or other items which suggest drinking or drug use. Our agency is the recognized authority on substance abuse in the county.

Description of measures are reported from Health Care Department.

FY 2018 Goals & Objectives

- To provide presentations to community groups about alcohol/drug awareness within 4 months of request.
- To educate county residents about alcohol/drugs, thereby promoting and protecting public health by providing presentations to community groups.

DEPARTMENT OF TRANSPORTATION PHYSICALS

The Employee Health Clinic assists the Public Works Department in the process of maintaining all employees who drive a county vehicle with a current Department of Transportation card. The Employee Health Clinic performs DOT exams on a monthly basis. The Physician Assistant reviews any positive history findings; note results of findings and their effect on driver's ability to operate a motor vehicle. The PA performs appropriate examination, including peripheral vision testing and hearing acuity. After physical exam and drug screen results are received, the client will be given a new/renewal DOT card and the client's department will be notified.

Description of measures are reported from Health Care Department.

FY 2018 Goals & Objectives

- To schedule DOT physicals for all pertinent Public Works employees for renewal prior to expiration date of DOT card.
