## Building Inspections

Verify that all individuals performing electrical and plumbing work on structures in jurisdiction are appropriately licensed and that all electrical, plumbing and structural work performed meets the currently adopted codes to protect the health, safety, and property of citizens as reported from H.T.E.

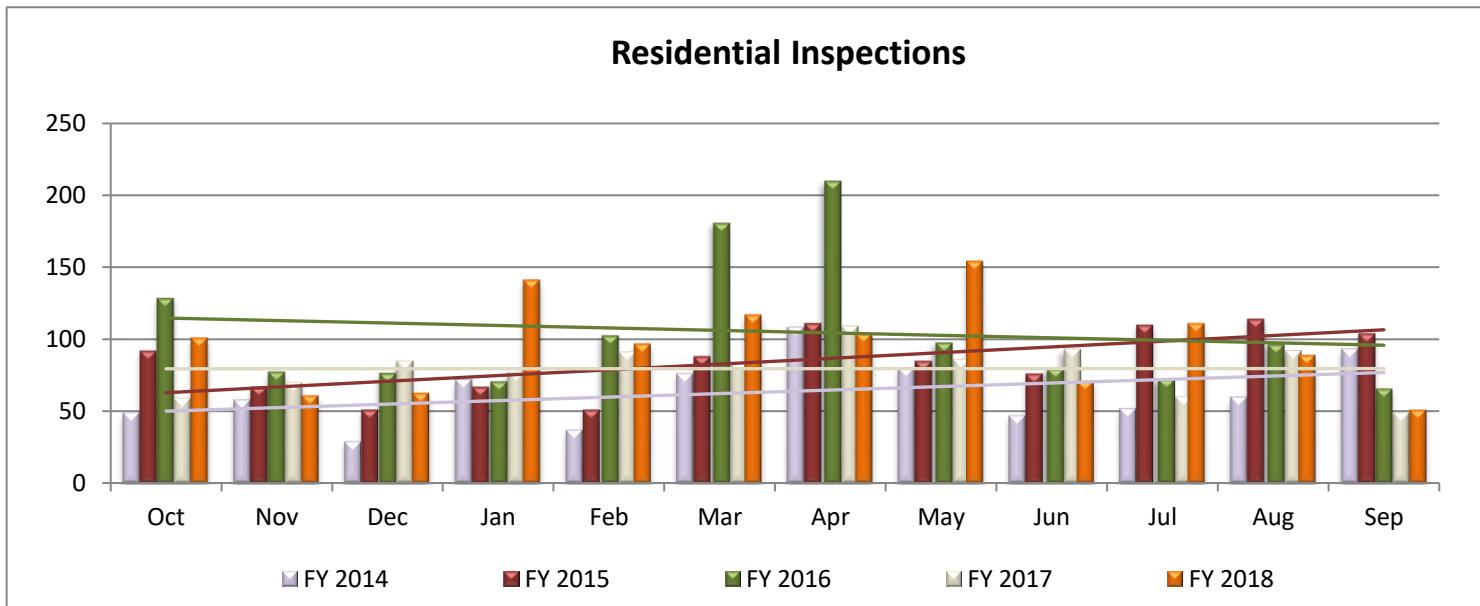

## Goals & Objectives

1. Complete all building inspections within 25 working days from the date the request was made 90% of the time.
2. To resolve 50% of outstanding permits by September 30th of each fiscal year.

## Environmental Health

Permit and inspect all food establishments, schools, day care centers, nursing homes and public swimming pools to verify compliance with all applicable health and safety codes. Respond to and work to abate all West Nile Virus, and or mosquito complaints, food-borne illness, communicable disease, environmental contamination, and other environmental health complaints. Review applications for Mass Gatherings and inspect gathering location for compliance throughout event. Information is reported through H.T.E.

## **Goals & Objectives**

1. Immediately abate environmental or public health threats by responding to severe environmental threats within one working day of receipt and non-critical environmental threats within 2 working days of receipt 90% of the time.
2. Determine 3-strategic, static locations in our area of jurisdiction to trap mosquitoes 10-times throughout the season in order to determine the presence of West Nile Virus positive mosquito pools and initiate treatment before infection occurs.
3. To perform trapping in 8% of suspect areas surrounding human or equine confirmed cases (that we are notified of) West Nile Virus in an attempt to determine the source.
