Plan - Project Management

The Project Management Office (PMO) is responsible for project planning and execution of all IT related projects in Collin County. The PMO team consists of project managers and business analysts who manage project activities including analysis, development, testing and implementation.

Goals & Objectives

1. To plan all budgeted and adhoc projects that require IT's involvement (hardware, software, resources).
2. To standardize project management processes for all projects (planned and unplanned).
3. To provide end-to-end management of the project tasks, from project initiation to production support.
4. To track budget vs. actual for all budgeted projects.
5. To provide preliminary estimates for the magnitude of the project (estimate hours) in order to plan and schedule the project's execution.
