Animal Shelter

The Animal Shelter provides the highest level of humane and dignified care to all animals while at our facility by providing adequate food, water, shelter, and basic physical care as required by TH&S Code Chapter 823. Additionally, we must act as the Local Rabies Control Authority for our areas of jurisdiction and follow all State-required rabies control procedures, as specified in TH&S Code Chapter 826. Revenue generated comes from the contract cities' fees paid for Animal Shelter Program.

**Animal Health**

The Animal Health program will encompass measures to ensure that our Shelter will not be shut down due to disease. An outbreak of Parvovirus or other communicable disease could cost many animals their lives (death due to disease and a mass EU to stop contamination). An outbreak could force the Shelter to be shut down which would cost the County an undetermined amount of money. In addition to finding alternate housing for County animals, we would have to honor our Inter Local Agreements with municipalities and possibly have to pay for alternate location boarding of animals for weeks to months if the Shelter could not be used. It would also be very costly to follow disinfecting procedures following such an outbreak. Many Shelters across the country have been shut down for weeks to months due to outbreaks of communicable diseases.

FY 2021 Goals & Objectives

1. Vaccinate all dogs, puppies, cats and kittens within 1 day of arrival to the shelter 90% of the time.
