Honorable Judge and Commissioners:

I am pleased to present the FY 2019 Adopted Budget for Collin County. This budget is submitted in accordance with all statutory requirements as well as a desire to produce a “no tax rate increase” budget. In addition, the FY 2019 Adopted Budget follows the 5-Year Plan and County priorities. Collin County is able to focus on priority services, while still reducing the tax rate. With this in mind, the FY 2019 Adopted Budget reduces the tax rate to the Effective Tax Rate, providing no tax rate increase for the 26th consecutive year, and maintaining the homestead exemption for the 11th year.

The Dallas Metroplex economic growth remains robust but is showing signs of moderating. Historically, the Texas economy has been stronger than the national economy, and the Dallas Metroplex is stronger than the state. This held true for 2018. Growth is continuing to occur throughout the Dallas-Tarrant-Collin County regions. Collin County is still experiencing vibrant economic activity throughout the County. The certified roll was up 11.5% or \$14.2 billion of which 4.5% or \$5.5 billion was for new construction while the remainder was increases in existing properties. This is higher than anticipated. The prior year Collin County experienced a 13.7% or \$14.9 billion increase with 4.6% or \$4.9 billion for new construction. While this year’s growth is good news, conservative assumptions continue for future planning purposes.

The Total Adopted Combined Budget (excluding bond funds) is \$378.3 million. This total includes the Operating Funds (General, Road & Bridge, and Permanent Improvement Funds \$235.5 million), Debt Service Funds (\$91.3 million) as well as all other funds (Grant, Insurance, etc. \$51.5 million). The General Fund budget accounts for the largest portion of the Adopted Budget with \$208.8 million. The Road and Bridge and Permanent Improvement Funds total \$26.7 million, which makes up the remainder of the operating funds.

Budget highlights include:

- Reducing the tax rate by \$0.011461 to \$0.180785 per \$100 of valuation, marking the 26th consecutive year without a tax rate increase. The total tax rate was reduced to the Effective Tax Rate. The Effective tax rate is a calculated rate that would provide Collin County with about the same amount of revenue it received in the year before on properties taxed in both years.
- Maintaining a homestead exemption of 5% with a \$5,000 minimum for the 11th year.
- Personnel salary increases of 3% to be distributed through Pay-for-Performance on October 1st. Market movement and wage compression adjustments will occur in January.
- A total of 31 new positions. These positions will provide support to Administrative Services, Information Technology, County Court at Law Clerk, Medical Examiner, Justice of the Peace-Precinct 1, Purchasing, District Attorney, Sheriff, Constable-Precinct 3, Indigent Defense Coordinator, Healthcare, and Animal Shelter.
- One-time capital outlay of \$6 million for County Clerk records management software.
- One-time capital outlay of \$1.16 million to maintain 100% funding in Texas County & District Retirement System (TCDRS).

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) presented the Distinguished Budget Presentation Award to Collin County, Texas for its annual budget for the fiscal year beginning October 1, 2017. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operational guide, as a financial plan, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

The Adopted FY 2019 Budget addresses the many needs of the County while reducing the tax rate and balancing the budget. I look forward to working with you to ensure the budget represents the service level you and the citizens of Collin County expect.

Respectfully Submitted,

A handwritten signature in blue ink, reading "Mónica Arris".

EXECUTIVE SUMMARY

Executive Summary

FY 2019 Adopted Budget

Overview

The Adopted Budget for FY 2019 continues to hold to the established principles in Collin County of conservative fiscal planning with county priorities of transportation, technology, and transparency. Commissioners Court adopted a balanced budget while reducing the tax rate to the Effective Tax Rate of \$0.180785 per \$100 valuation for the citizens of Collin County.

The challenges faced by Collin County include the population increase as Collin County continues to be one of the fastest growing counties in the state of Texas with an estimated population increase of 23.94% since the 2010 Census. With an estimated 74 people moving into Collin County each day, the County is projected to reach 1 million in the coming year. Other challenges include the continued funding of programs mandated by the State of Texas and the strains on transportation as Collin County continues its rapid growth. The Adopted Budget represents strategies that bring recurring expenditures in line with revenues while continuing to provide a high level of services to constituents.

The Adopted Budget also provides for targeted initiatives in Commissioners Court priority areas. These initiatives are included in the Adopted Budget without the need for an increase in the overall property tax rate for the twenty-sixth consecutive year.

Priority 1 –Transportation

Collin County is committed to plan and implement a superior inter-modal transportation infrastructure by judicious application of human resources and public funds through a coordinated local and regional perspective. A superior transportation infrastructure will provide citizens of Collin County with a better quality of life by alleviating traffic congestion, moving people and goods efficiently, and contributing to a stable and competitive economy. Ongoing studies of the feasibility of freeways in Collin County by the Texas Department of Transportation (TxDOT) and the North Central Texas Council of Governments (NCTCOG) have proven the need to supplemental assistance to complete efforts. The Collin County Mobility Plan was last updated in 2014. \$500,000 is included in the FY 2019 budget to pay for travel demand models to supplement the freeway feasibility studies as well as update the Mobility Plan.

Collin County maintains 732 miles of county roads. In 2005, the County began a program to convert all the rock/dirt roads to asphalt to reduce dust and increase the useful life of the road. In addition to paving, these roads are often widened to enhance safety. Many government and university studies have established the inherent benefits of paved roads versus unimproved roads. Asphalt is more environmentally friendly. The amount of dust and road material dissipated into the air drastically declines when changing from a rock road to asphalt. Safety is improved for all citizens. Paved roads offer shorter braking distances and greater control in both wet and dry conditions. Less money is spent on road maintenance when the roads are paved utilizing asphalt.

2015 was a historic year in north Texas in terms of weather. After years of drought and water usage restrictions, the region received an unprecedented amount of rainfall. Weather outlets measured a total of 71" in 2015 compared to an annual average rainfall of 38.25" in Collin County. However, the bountiful rainfall also overwhelmed our infrastructure which had a devastating effect. The resulting runoff, drainage and flooding throughout the county caused significant damage to our road network. As such, it became necessary to suspend our County Road repaving program in favor of concentrating our resources on repairing the numerous roads effective by the severe weather. This caused a delay of 12 to 18 months to the county paving program. The County's Public Works staff has worked diligently over the past two years to get back on track. There are approximately 53 miles remaining to be resurfaced.

Collin County continues to partner with regional agencies to develop a sound transportation system while keeping the burden to the taxpayer at a minimum.

Priority 2 – Technology

In the private sector, advances in technology provide perpetual opportunities for change and growth, but sometimes at a high cost and with mixed results. Public sector organizations generally rely on technology to provide value as an enabling foundational business component to the citizens they serve and the employees they support. Managing technology within Collin County necessitates balancing traditional daily operations, citizen expectations, efficiency measures, and security against budget considerations. As the business and technology leaders come together to ensure technology initiatives align with the overall organizations and priorities, the transformation from traditional to innovative in Collin County continues to move forward. Over the past few years the County has received awards for things such as mobile voter line wait, outstanding records management practices, judicial on-line search, and paperless initiative.

Data can be one of an organization's most valuable assets, or a major hindrance to fulfilling its mission. The exponential increase in data has created both challenges and opportunities for organizations. To benefit from this vast amount of data, IT must implement fundamental data management, governance policies, and best practices working with the departments. As volumes of data increase, so do the challenges that IT face when managing that data. Data may exist within departments, programs, or even people, and without clear data retention and storage practices/policy, it can be costly. The County is currently seeing an exponential rate of growth in Odyssey (Court Management System) and Laserfiche (Records Retention System) image storage requirements. Historically, Odyssey related images would consume around 150 GB to 200 GB per month. In the first month of 2018, Odyssey images alone grew by over 700 GB and grew by another 350 GB in the first few weeks of February, which equates to 10 months of disk storage space in 2 months. The FY 2019 budget includes \$600,000 to acquire additional storage.

The County is facing the next step in modernizing legacy hardware/software and replacing aging systems to move toward a more collaborative, agile, and interoperable county government. The County is currently in the process of implementing the second phase of the Enterprise Resource

Planning Tool (ERP). This software will include modules for facilities (work orders), equipment services (fleet), development services (permitting), and transparency. Post go-live expenses are anticipated to begin in FY 2020. The County also has a 5 year replacement program of desktop equipment. The budget includes \$0.5 million for hardware refresh.

The County Clerk's Land and Vitals database is nearing 13 years old. The system's vendor, AmCAD, filed for bankruptcy in 2014 and was acquired by Vista Equity Partners in 2016. Six months later, the company merged with GovDelivery. The technology remains outdated and no updates have been scheduled by the vendor. The FY 2019 Adopted Budget includes \$6 million to replace this system. A reliable Land and Vitals database is crucial to the business that is conducted with the County Clerk on a daily basis including real property records, birth certifications, death certifications, marriage licenses issued and recorded, and assumed names filed.

Priority 3 – Transparency

Collin County was one of the first counties in the nation to put the county's checkbook on-line. Since then the County has focused on providing the citizens more information at their fingertips and continuing to improve upon those items.

The Judicial Online Search feature can be used to search and view information for all case types, active warrants, and current inmates simultaneously. Current inmates can be searched by name or by attorney and is updated daily with the people currently in custody in the Collin County Jail. Constable Civil Papers can be searched and adult probationers can pay their court-ordered financial obligations online. Collin County is live and accepting case filing through eFileTexas.gov.

Voter registration cards are on-line as well as the ability to check the wait time at each voting location. The Juror system allows the citizen to complete their questionnaire and check the status of their jury duty. The County's GIS department maintains a GIS Interactive Mapping System that provides road maps, school locations, parcel information, aerial photography, and links to Microsoft Virtual Earth with a bird's eye view and google street view. To help the citizen stay informed, the Commissioners Court Meetings are online. Recent changes have made records back to the 1980s available on-line for the public to view.

Data is one of the County's most valuable assets. The County is working on implementing strategies to obtain greater benefit from data to provide cost savings and improve service delivery. The County is currently implementing an elastic search ability to provide a highly scalable open-source full-text search and analytic engine. This will provide improvements to open records requests, Constable/Sheriff sale notices, and integrated search of our external website as well many other areas.

The County has grown in online applications and services for the public including online public notices, foreclosures, improved election wait line time, more robust searches, etc. The County plans to rollout even more capabilities online over the next year to include a mobile Human

Resources website, Munis online services, bulk data download, Tyler portal, and a new transparency website.

Collin County has been a leader in transparency in Texas receiving the Texas Comptroller of Public Accounts' Transparency Award every year since 2010. This program recognizes government entities that open their books not only to traditional finances, but also in the areas of contracts and procurement, economic development, public pensions, and debt obligations. The entity must provide clear and meaningful financial information not only by posting financial documents, but also through summaries, visualizations, downloadable data, and other relevant information.

Budget Impact

The budget was built with the Commissioners Court priorities as well as conservative fiscal planning as the primary guidance building the FY 2019 Adopted Budget. The Total Adopted Combined Budget (excluding bond funds) is \$378.3 million. This total includes the Operating Funds (General, Road & Bridge, and Permanent Improvement Funds \$235.5 million), Debt Service Funds (\$91.3 million) as well as all other funds (Grant, Insurance, etc. \$51.5 million). The General Fund budget accounts for the largest portion of the Adopted Budget with \$208.8 million.

Included in the budget are personnel salary increases of 3% to be distributed through Pay-for-Performance. Market movement and wage compression adjustments are also included and will occur in January. A net total of 31 positions were added. These positions include:

Impact to the Tax Payer

The Commissioners Court adopted the Effective Tax Rate and maintained the homestead exemption of 5% with a \$5,000 minimum. The Effective Tax Rate is a hypothetical property tax rate that would give the county the same amount of total revenue it has in the previous fiscal year on properties that existed in both years. The average home in Collin County has increased from \$344,382 to \$363,040. The County lowered the tax rate from \$0.192246 to \$0.180785, a reduction of \$0.011461, marking the 26th consecutive year with no tax rate increase. With the adoption of the Effective Tax Rate, the average homeowner will be paying \$5.45 less per year in county property taxes.

Economic Outlook

The economic base of Collin County consists of various manufacturing, computer technology, electronics, finance/insurance, construction, and agriculture. Major industries with headquarters or divisions located within the County include telecommunication, computer technology, electronics, retail, the food industry, automobile and insurance institutions. Collin County's economy continues to outperform the state and national economies in spite of the recent struggles with the national economy. New employers continue to seek out the high quality of life in Collin County every day.

Other indicators of future economic performance can be observed by the Gross Domestic Product (GDP) output. The Gross Domestic Product (GDP) is defined by the Department of Commerce as the measurement of all goods and services produced by workers and capital located within the United States, regardless of ownership. Real GDP increased at an annual rate

of 3.5% in the third quarter of 2018, according to the “second” estimate released by the Bureau of Economic Analysis reported November 28, 2018. In the second quarter, real GDP increased by 4.2%.

Appraised adjusted taxable values in Collin County have increased 11.5% from 2017 to 2018. Because ad valorem taxes account for over 85% of the General Fund revenue (excluding reserves) for the County, new real estate construction is a vital component of the County’s ability to respond to demands for increasing services. Of the 11.5% increase in appraised value, 4.5% is from new construction. The other 7.0% is from increased appraisals on existing properties. Collin County has a long record of minimizing the burden County government places on its citizens. Despite the financial challenges faced by the County, the Adopted Budget does not increase the County’s tax rate for the twenty-sixth straight year and maintains the County’s homestead exemption for the eleventh year.

Multi-Year Forecast

The County uses a Five-Year planning analysis to inform the Commissioners Court and the community of the medium and long-term effects of budgetary decisions as well as economic pressures. The funds included in the Five-Year Plan are the funds receiving tax dollars. This includes the General Fund, Road & Bridge Fund, Permanent Improvement Fund, and the Healthcare Foundation Fund. Other funds receive special revenues with restrictions on spending. Projects in those funds are limited to the revenues they receive.

The Five-Year Plan funding analysis includes the following assumptions:

- Conservative growth rate of 4% for all future years due to potential legislation that would limit the increase in taxable value.
- An average of 2% growth on other areas of revenue sources
- Opening of a pod at the Jail in FY 2022
- Opening of a new Court in FY 2021
- Vehicle refresh is budgeted annually in the General Fund and the Road & Bridge Fund. Plan includes continued funding of annual budget for scheduled replacement vehicles
- Additional funding needed to maintain a 120-180 day fund balance in Healthcare Foundation Fund
- Assumption of expenses to cover the rising cost of employee medical insurance
- Sale of \$750 million in bonds over 5 years while keeping the County’s debt service tax rate below \$0.055
- Maintaining the current tax rate of \$0.1807854

General Fund 5-Year Forecast Model Assumptions

Long-term Collin County General Fund Goals: (1) To maintain or lower the County's total tax rate while (a) maintaining the ability to sell Transportation and Parks & Open Space Bonds in the future, and (b) to absorb the Health Care Trust expenditures; (2) To maintain the County's AAA bond rating; (3) Maintain 180 days or more of fund balance.

Property Taxes: Collin County is still experiencing vibrant economic activity throughout the County. The certified roll was up 11.5% over last year. This is higher than anticipated. The prior year Collin County experienced a 13.7% increase. Collin County has been experiencing higher than 10% growth since 2015. With that said, the Commissioners Court maintains a conservative outlook for the future. The above model uses a growth 4% for all future years due to potential legislation that would limit the increase of taxable value. The General Fund will receive \$0.1269464 of the \$0.1807854 tax rate in FY 2019, a drop of \$0.0095306 from FY 2018.

Future Planned Large Expenditures:

FY 2020 - Adding a new District Court (Sept 1)

FY 2022 - Opening of two Pods in the new Jail Cluster

FY 2023 - Adding a new County Court at Law Court

Other Expenditures of note:

Technology refresh is budgeted annually in the General Fund. This includes servers, computers, printers, scanners, etc.

Vehicle refresh is budgeted annually in the General Fund. This includes Sheriff, Constable, ground maintenance and general county vehicles.

Road & Bridge Fund 5-Year Forecast Model Assumptions

Long-term Collin County Road & Bridge Fund Goals: (1) To maintain all 732 miles of county roads; (2) To maintain all 112 County bridges; (3) To continue to convert all county rock/dirt roads to asphalt while maintaining or lowering the County's total tax rate; (4) Maintain 180 or more days of fund balance.

Property Taxes: Collin County is still experiencing vibrant economic activity throughout the County. The certified roll was up 11.5% over last year. This is higher than anticipated. The prior year Collin County experienced a 13.7% increase. Collin County has been experiencing higher than 10% growth since 2015. With that said, the Commissioners Court maintains a conservative outlook for the future. The above model uses a growth 4% for all future years due to potential legislation that would limit the increase of taxable value. The Road & Bridge Fund will not have property taxes for FY 2018. Property taxes aren't planned to be budgeted into this fund in the near future. This is a planned reduction in the Road & Bridge Fund tax rate to bring down the fund balance to 180 days and maintain the 180 day fund balance in the future.

Other Expenditures of note:

In 2005, Collin County began a program to convert all rock/dirt roads to asphalt to reduce dust and to increase the useful life of the road. The program is geared to convert the roads at a rate of 50 miles per year. There are approximately 53 miles remaining to be resurfaced.

All county road, drainage, and bridge maintenance is funded annually.

Vehicle refresh is budgeted annually in the Road & Bridge Fund. This includes Public Works and Road & Bridge vehicles.

The above model uses a growth 4% for all future years due to potential legislation that would limit the increase of taxable value. The Permanent Improvement Fund has not received property taxes since FY 2009 due to proceeds from the sale of County buildings being deposited into this fund. The Permanent Improvement Fund will receive \$0.0002660 of the \$0.1807854 tax rate in FY 2019, a drop of \$0.0020530 from FY 2018 with the intention of maintaining a minimum \$2.5 million dollar fund balance annually.

Other Expenditures of note:

Annual expenditures of approximately \$2 million to repair, equip, and/or improve County buildings.

Healthcare Foundation Fund 5-Year Forecast Model Assumptions

Long-term Collin County Healthcare Foundation Goals: To continue to provide indigent healthcare for Collin County residents without increasing the County's total tax rate.

History of Healthcare Foundation: The Healthcare Foundation was created after the sale of the county hospital in 1983. The proceeds of the sale were used to purchase real estate office buildings in order to create investment earnings that, together with the charges for services and federal and state funding, are used to provide health care to indigent county residents. A portion of the funds from the sale have been used to purchase real property for rental to County departments and unrelated third parties.

Future of Healthcare Foundation: Grants and community agencies, that began in 2008 and continue today, have helped the county to provide preventative and minor medical care in cities where the indigent population is located. Increasing population and medical costs for medical care have contributed to the increasing demand as on County resources to provide the same level of services offered in prior years. The Healthcare Task Force continues to work with local providers and the County to ensure appropriate recommendations and decisions concerning the future availability of service and care. Medicaid 1115 plans continue, with Collin County as the anchor for RHP 18.

Budget Process

The budget is a financial plan for a fiscal year of operations that matches all planned revenues and expenditures with the services provided to the citizens of Collin County. The FY 2019 Adopted Budget covers a twelve-month period beginning October 1, 2018 through September 30, 2019.

The purpose of the budget preparation process is to develop a work program and financial plan for Collin County. The goal is to produce a budget document that clearly states what services and functions will be provided with given financial, personnel and other resources. The budget document must be clearly understandable by the taxpayers and citizens at large. It is a policy document that defines issues in such a manner that the Commissioners Court can make sound decisions regarding County programs and finances. The Commissioners Court must be given enough information to make funding choices between alternative programs and priorities. The budget document provides offices and departments with a work program to carry out their missions. It also provides the Budget Officer and the County Auditor with a financial plan with which to assure that the County operates within its financial means. Finally, the budget serves as an important reference document that provides extensive information on the nature and scope of County operations and services.

The process for developing the FY 2019 Adopted Budget involved the following overall steps:

- Setting of budget priorities for the County in cooperation with Commissioners Court
- Budget Preparation workshops with County departments
- Preparation of Recommended Budget
- Commissioners Court Workshops and Public Hearings
- Preparation of the Proposed Budget
- Budget Adoption

The Annual Budget process begins with a workshop to establish the general direction of the FY 2019 Budget and to allow for the setting of budget priorities for the County. This workshop is held in the context of a regular Commissioners Court meeting which is open to the public and where the opportunity for public comment does exist.

Department Directors and Elected Officials then begin analyzing their current budgets and preparing requests for the upcoming fiscal year. Departments are given their baseline budgets based on current service requirements and allowed to submit expenditures proposed within baseline amounts. The baseline budgets submitted represent the departments' best judgment on how resources should be allocated based on their experience on the most effective method for delivering services.

Department improvement requests refer to requests to change the level of service or method of operation. Generally, department improvement requests are for new positions, technology, other equipment and associated supplies, and contractual services necessary to support a new

or expanded program. Information submitted in support of the department improvement describes how the proposal will improve services. Vehicles and heavy equipment are replaced based on the five-year fleet replacement schedule projections funded annually by the General Fund and the Road and Bridge Fund. Technology equipment is also replaced based on a five-year replacement schedule funded annually by the General Fund.

Major facility repairs and improvements are requested through the Permanent Improvement Request Process. A “Permanent Improvement” is defined as physical improvements to a facility, property and/or office. It is normally renovation and modifications to existing offices, buildings or grounds, etc. that are not considered normal repairs or maintenance. A walk-thru of each County facility is done every year. Maintenance and improvements to existing County facilities are funding through the Permanent Improvement Fund. This fund receives a small portion of the tax revenue and a fund balance is maintained high enough to fund future facility maintenance and improvements over the next five years.

Once the department improvement requests have been received, the Budget Office begins its review. The Budget Office utilizes revenue estimates provided by the County Auditor’s Office as well as tax roll information from the Collin County Central Appraisal District to formulate budget-balancing strategies. The Information Technology (IT) Department also reviews all budgetary requests for hardware and software, communication equipment and programming, and subsequently recommends the appropriate technology required to meet the needs identified by the office or department. Department directors are then provided with the opportunity to meet with Budget office staff and the County Budget Director during the weeks following submission of FY 2018 budget requests to further discuss and detail any requests for department improvements they have made.

Department Improvement requests are submitted to the Budget Office in priority order. Items required by statute are top priority followed by, annual maintenance of existing items, safety measures, requests to improve efficiency and processes, and lastly those items that would be nice to have. All requests are researched thoroughly for cost impact for this year and future years as well as other items each request could impact.

As an ongoing effort to improve the efficiency and effectiveness of Collin County, the Budget Office, as directed by Commissioners Court, has been continually working towards Performance Based Management since 2003. During the FY 2019 budget process, offices and departments were asked to submit performance measures as a way to demonstrate how performance will be improved in the upcoming fiscal year. Budget Office staff also worked with County offices and departments to develop systems to better track and manage data related to their performance measures. The Adopted Budget document reflects updated goals and objectives and performance measures for each department based on information provided by the Department Head or Elected Official.

The Recommended Budget document is completed in late July and submitted to the Commissioners Court as well as all Department Heads and Elected Officials. After receipt of the

Recommended Budget, the Commissioners Court holds a workshop to review the details of the department improvements requested, both those that were recommended by the County Budget Director for FY 2019 as well as those that were not recommended. Changes approved during the budget workshop are then reflected in the proposed budget document. Once the document is complete, the County Budget Director must file a copy of the proposed budget with the County Clerk and the Auditor (LGC 111.066). Upon receipt of the proposed budget, the Commissioners Court is required to set a date and place for a public hearing “*within 10 calendar days after the date the proposed budget is filed but before the last day of the first month of the fiscal year (LGC Sec. 111.067b).*” At a public hearing, the Commissioners Court gives all interested taxpayers of the County an opportunity to be heard for, or against, any expenditure or revenue estimate. Once the Commissioners Court completes its deliberations on the proposed budget, the Court votes to adopt a budget and a tax rate. The Court may make any changes to the proposed budget it deems necessary as long as the total expenditures do not exceed the total revenues estimated by the County Auditor.

Implementation of the Budget

Upon adoption of the budget by Commissioners Court, a copy of the budget is filed with the County Auditor and the County Clerk. The County Auditor will use the Adopted Budget to set up the appropriate budgetary accounts for each office and department. The County Auditor is responsible for the financial accounts of the County. The Budget Office is responsible for monitoring expenditures in accordance with the budget and for initiating appropriate budget transfers. Offices and departments are responsible for keeping expenditures within the budgeted amount and for tracking performance indicator data.

Amendments to the budget can be made after adoption. According to Section 111.070 of the Texas Local Government Code:

(b) The Commissioners Court may authorize an emergency expenditure as an amendment to the original budget only in a case of grave public necessity to meet an unusual and unforeseen condition that could not have been included in the original budget through the use of reasonably diligent thought and attention. If the court amends the original budget to meet an emergency, the court shall file a copy of its order amending the budget with the county clerk and the clerk shall attach the copy to the original budget.

According to local government code, the Commissioners Court is authorized to make inter-department and inter-fund transfers during the fiscal year, if necessary. Section 111.070c says,

“the Commissioners Court by order may: (1) amend the budget to transfer an amount budgeted for one item to another budgeted item without authorizing an emergency expenditure; or (2) designate the county budget officer or another officer or employee of the county who may, as appropriate and subject to conditions and directions provided by the court, amend the budget by transferring amounts budgeted for certain items to other budgeted items..”

The following briefly describes the process of approval for budget transfers: The originating office or department enters a budget transfer into the financial system to move funds from one expenditure group to another. The availability of funds is checked in the financial system before it can be released into system administered workflow. Once the transfer is approved by the department, the Budget Office receives and evaluates the request to determine its appropriateness. If approved by the Budget Office, items under \$5,000 continue through workflow to the County Auditor to be posted in the financial management system. The Budget Office forwards items over \$5,000 along with their recommendation to Commissioners Court for consideration. If approved by Commissioners Court, the County Auditor posts the appropriate changes.

In a case where the County receives grant or aid money, the budget may be amended to show receipt of the grant funds. Texas Local Government Code Section 1111.0706 states:

“The County Auditor shall certify to the Commissioners Court the receipt of all public or private grant or aid money that is available for disbursement in a fiscal year but not included in the budget for that fiscal year. On certification, the Court shall adopt a special budget for the limited purpose of spending the grant or aid money for its intended purpose.”

The same holds true for any revenues received from intergovernmental contracts. In the event that a contract is formed with the County after the budget has been adopted, the budget may be amended to reflect the special revenues. Section 111.0707 of the Texas Local Government Code states:

“The County Auditor shall certify to the Commissioners Court the receipt of all revenue from intergovernmental contract that is available for disbursement in a fiscal year but not included in the budget for that fiscal year. On certification, the Court shall adopt a special budget for the limited purpose of spending the revenue from intergovernmental contracts for its intended purpose.”

Public Hearing on the Tax Rate Increase may not be held before the 7th day after the date the notice of the public hearing is given. The second public hearing may not be held earlier than the 3rd day after the date of the first hearing.

Accounting System

All County accounts are organized on the basis of funds (account groups). Using these accounts, the revenues and expenditures are approved before the beginning of each fiscal year by a budget adopted by Commissioners Court. Currently all County funds are grouped into two types, governmental funds and proprietary funds. Governmental funds include the General Fund, the Road and Bridge Fund, the Permanent Improvement Fund and the Debt Service Fund. The General Fund accounts for the main operating activities of the County. Proprietary funds (internal service funds) are used to account for the payment of employee insurance, flexible benefits, workers' compensation and similarly funded activities. These activities are funded on a cost-reimbursement basis, with the expenditure charged to the department incurring the expenditure.

The County's basis of budgeting for governmental funds and proprietary funds is maintained on a modified accrual basis. The County's basis of accounting records are also on a modified accrual basis with revenues being recorded when available and measurable and expenditures being recorded when the services or goods are received and the liabilities are incurred. Encumbrance accounting is used for all funds. Encumbrance accounting means that an estimated cost is recorded on the books at the time of an order of goods or services so that all obligations are booked. When the actual cost is known, it is booked, and the encumbrance is reversed.

Appropriations in the Capital Projects Funds are made on a project inception basis rather than on an annual basis and are carried forward until the projects are completed. Except for capital projects, grant and federal entitlement appropriations, or for encumbrances outstanding in any fund, unused appropriations lapse at the end of the each fiscal year.

The FY 2019 Adopted Budget appropriates expenditures into the following expenditure groups:

- Personnel
- Training & Travel
- Maintenance and Operations
- Capital Equipment

Each expenditure group is the sum of individual, similar line item allocations. This presentation of budget data is designed to provide offices and departments detailed information but with greater flexibility in the management and control of their budgets. This system reduces unnecessary bureaucratic control while continuing to provide sound financial and management information. Although budgetary data is presented in the budget document according to expenditure group, detailed line item information has been input into the County's financial management system.

Account Structure

As previously stated, the County maintains budgetary control of its operating accounts through the use of various funds. A “fund” is a self-balancing set of accounts with identifiable revenue sources and expenditures. It is segregated for the purposes of measuring a specific activity. Fund balance is the excess of revenues over expenditures and encumbrances. These fund balances are available for emergencies or unforeseen expenditures. Fund balances in the aggregate are a significant enough percentage of appropriations to meet unforeseen events or needs. The great majority of all County discretionary expenses are included in the following:

Capital Improvements Funds: Includes expenditures for capital projects related to the construction and renovation of County detention, courtroom, roads and office facilities. All proceeds come from the sale of debt instruments.

Debt Service Funds: Includes expenditures for principal and interest on all County debt.

General Fund: Accounts for most of the financial resources of the County, which may be used for any lawful purpose; includes expenditures for general administration, judicial, public safety, and health and welfare.

Road and Bridge Special Revenue Fund: Includes mainly expenditures for road projects and preventative maintenance on roads. This fund’s main source of revenue is property taxes and vehicle registration fees.

Permanent Improvement Fund: Includes expenditures associated with permanent improvement projects. A “Permanent Improvement” is defined as physical improvements to a facility, property and/or office. It is normally renovation and modifications to existing offices, buildings or grounds, etc. that are not considered normal repairs or maintenance.

Other County funds are used to provide valuable resources and services. The following are brief descriptions of some other County funds:

Records Archive Fund: Accounts for the collection of the records archive fee and the related expenditures for preservation and restoration services performed by the County Clerk in connection with maintaining the County Clerk’s records archive.

Court Reporters Fund: Accounts for the collection of statutory Court Reporter’s fee and the expenditures for Court Reporter services.

Law Library Fund: Includes maintenance and operations of a law library open to residents of the County.

County Clerk Records Management and Preservation Fund: Accounts for the collection of the County Clerk's statutory document preservation fee and the expenditures of those fees for records management and preservation services.

District Clerk Records Management and Preservation Fund: Accounts for the collection of the District Clerk's statutory document preservation fee and the expenditures of those fees for records management and preservation services.

Justice Court Technology Fund: Accounts for fees collected by the Justice of the Peace Courts and related expenditures for technology improvements in the Justice of the Peace Courts.

Courthouse Security Fund: Includes the collections and expenditures of fees for security services for buildings housing a court.

Contract Elections Fund: Accounts for funds received from local governments and related expenditures for public elections.

Healthcare Foundation Fund: Accounts for Healthcare Foundation which assumes the County's obligation to provide indigent healthcare for county residents.

County Records Management and Preservation Fund: Accounts for the collection of a statutory document preservation fee and the expenditure for records management and preservation services.

Drug Court Fund: Accounts for the participation fees paid by defendants required to maintain testing throughout their probation periods, and the expenditures for the program.

Justice Court Building Security Fund: Accounts for the collection of a portion of the Courthouse Security fee designated to provide security for a justice court in a building other than the courthouse and the expenditure of those funds as specifically designated by statute for security personnel, services and related items.

Animal Safety Fund: Accounts for animal shelter and control services for the County as well as other participating cities within the County.

[FY 2019 Combined Budget Summary](#)

Revenues

The total Collin County Adopted Budget for FY 2019 includes current revenue projections of \$352,075,905 plus \$26,175,001 of fund balance from various funds. The County issued \$18.1 million in Tax Notes during July of 2018. This is a one-year note, which will be paid in full as of August of 2019. All \$18.1 million will be paid from the Debt Service Fund Balance. The County

also set aside \$6 million of General Fund fund balance to replace the County Clerk's Land and Vitals system.

The revenues to be received during the upcoming fiscal year are estimated by the County Auditor (Texas Local Government Code 111.062(b) (5)). Revenue estimates are derived in different ways depending on the nature of the revenue. Ad valorem taxes are calculated based on the adopted tax rate and the taxable appraised value. Investment revenues are estimated conservatively based on expectations of investment markets as well as changes available funds. Federal and State revenues are based on information provided by the funding agency or based on history if the information is not available at the time the revenues are being estimated. Most other revenues such as Fees and Fines are estimated using trend analysis while taking into account input from the elected official collecting the fees as well as taking into account other factors such as changes in laws or economic activity.

The adopted revenue represents a decrease of \$2,682,756 or .7% less than FY 2018 adopted revenue. The FY 2019 adopted revenue represents an increase of \$11.5 million in tax revenue when compared to FY 2018 adopted revenue.

Figure 2 – Combined Budget Revenues by Source

Table 2 presents a side-by-side comparison of the revenues by source for the past five years with the percentage change from FY 2018 Original Adopted to FY 2019 Original Adopted.

The largest increase in revenue source is from License and Permits with an increase of 8.8%. The budget was reduced in FY 2018 as Building Inspection fees had declined. The FY 2019 budget has been adjusted to accurately reflect an increase of \$50,000 in health permits and building inspections.

Other Financing Sources decreased 41.7%. There was a decrease of \$1.5 million in transfers from the General Fund to the Healthcare Foundation Fund and a \$40,000 decrease in the transfer to the Courthouse Security Fund.

The County is expecting to use \$14.3 million less in reserves in FY 2019 than in FY 2018. In FY 2018 there was \$40.4 million budgeted for a one-time capital outlay for public transportation and for one-time capital outlay to TCDRS for a 40% of CPI retiree COLA increase. For FY 2019, reserves are to be utilized to help fund the \$6 million replacement of the Land and Vitals system for the County Clerk in the General Fund as well as over \$18 million in debt service. The debt service reserves are planned for renovating and constructing County buildings for Tax Office relocation; acquiring land and constructing and equipping a facility for a Justice of the Peace and

Constable office for Precinct 2; Elections equipment; and constructing and equipping an extension to the Medical Examiner facilities.

Fines and Forfeitures decreased by 11.7%. The FY 2019 budgeted revenues were decreased in this area as actual District and County criminal fines in the Road and Bridge Fund have declined and were much less than budgeted in FY 2018.

Other Revenue decreased by 10.2% or \$122,800 with the majority of the decrease coming from decreased indigent legal reimbursements.

Ad Valorem Taxes

Ad valorem tax revenue is determined by two components: the total appraised property value and the tax rate.

Figure 3 – Net Taxable Values

* CERTIFIED Net Taxable as of July 25th of each year per Tax Code 26.01

The Collin Central Appraisal District establishes the appraised property values within the County in accordance with State law. Appraised net taxable values in Collin County experienced double-digit increases throughout the late 1990s and through the year 2002. 2003 thru 2005 were years of more modest growth, whereas in 2006 and 2007 Collin County again experienced double digit increases of 10.2% and 10.9% respectively. In 2008 Collin County experienced a growth rate of 4.6% in net taxable property values in spite of the addition of a 5% homestead exemption (\$5,000 minimum), a 0.7% increase in 2009, and a 1.5% decrease in 2010. Steady growth began again in 2011. The Central Appraisal District's information for 2018 shows increase in total net taxable

property values of 11.6% for a total net taxable value total of \$138,427,326,503, of which \$109,360,628,251 is for improvements.

The property tax rate consists of two components. The first is the debt service rate component that is determined by the County's debt service requirements. The current debt service rate for FY 2019 is 5.3573 cents per \$100 of assessed value. Funds from this component are deposited in the debt service funds and are used exclusively to pay the principal and interest on debt. The second component of the tax rate is the amount for operating budget funds. The current operating fund tax rate for FY 2019 is 12.7212 cents per \$100 of assessed value. These two components taken together provided for a total tax rate for FY 2019 of 18.0785 cents per \$100 of assessed value.

The FY 2019 Adopted Budget is balanced with a decreased ad valorem property tax rate from FY 2018, which was 19.2246 cents per \$100 valuation. ***FY 2019 marks the twenty-sixth straight year of no increase to the tax rate.*** From 2017 to 2018, the average home in Collin County increased in taxable value from \$344,382 to \$363,040, which is an increase of \$18,658 or 5.4%. The calculation of the average homestead taxable value takes into account improvements as well as changes to base valuation. Due to the decrease in the tax rate, the average homeowner will pay approximately \$5.45 less in county property taxes despite an increase in average taxable value.

Figure 4 – Distribution by Taxing Unit

Other Revenue

Other sources of revenue to the County include charges for service, fees and permits, fines and forfeits, inter/intra-governmental funds, interest on investments and miscellaneous other revenues.

Charges for service: Includes those fees that are charged in return for a specific service required of the County. Some examples of these types of charges are copy fees, GIS services, patrol services, passport photograph services, and inmate housing services.

Fees and permits: Fees are collected from citizens in a variety of different areas. These fees include court fees, transportation fees, health fees, permit fees, general government fees, and public safety fees.

Fines and forfeits: Fine and forfeitures depend on the provisions of state law, and are usually mandatory, but occasionally optional with the Commissioners Court. This County has instituted all the optional court costs and receives the maximum amount from these sources. Revenues from this source depend on collections by departments, the actions of the courts, incidence of offenses and various other external factors.

Intergovernmental: Includes revenues from the state, federal or other governmental sources. They include state-shared revenues, inter-local contracts and federal grants. By their nature, this revenue source can be subject to substantial fluctuation. The County has adopted some measures to optimize federal and state reimbursements.

Interest: Interest earnings are a function of the rate of return and amount available for investment. The amount available for investment depends on a variety of factors, the largest of which is the cash balance available for investment. Proper planning can nearly always result in a greater amount available for investment and will increase the earnings relative to the current rate of return on investments.

Unclassified: Includes revenues that do not fit in any other category such as such as donations or insurance recovery.

Expenditures

The FY 2019 Total Combined Adopted Budget appropriation for all funds is \$378,250,906 (excluding bond funds). Figures 3, 4, and 5, as well as Tables 2 and 3 show operating appropriations and revenues for all funds for FY 2019. This represents a decrease of \$2,682,756 or .7% less than adopted expenditures from FY 2018.

The largest area of growth in the FY 2019 Budget is the Debt Service function area. The County front-loaded principle in the last bond sale in order to save the taxpayers money and as a result the required debt payment decreased by \$19.6 million. The Debt Service payment however is up \$26 million due to the sale of Tax Notes in FY 2018 totaling \$18.1 million on a one-year note and another \$27.1 million on a reimbursement resolution to call outstanding bonds.

The next largest area of growth is the Conservation function area. This area has grown by 20.7% in FY 2019. The growth is due to a salary and benefits correction for County Extension Agents.

The Culture and Recreation function area increased by 17%. The majority of this increase is related to Myers Park improvements. They received new equipment and furniture for events held at the park totaling \$31,607.

General Administration function area increased by \$5.1 million or 10.4%. The County Clerk's Land and Vitals database is nearing 13 years old and the technology remains outdated with no updates scheduled by the vendor. The FY 2019 Adopted Budget includes \$6 million to replace this system.

An increase of 9.8% can be seen in the Equipment Services function area. Increases in this area are largely attributed to scheduled fleet replacements.

The largest decrease is in the Public Transportation function area. Public Transportation has decreased by 60.5% from FY 2018. FY 2018 included a one-time budget of \$38 million for right-of-way acquisitions.

Figure 6 – Combined Budget Expenditures by Function

FY2019 General Fund

Revenues

Total General Fund FY 2019 adopted revenues are \$203,020,037 plus \$5,817,426 of planned usage of reserve funds for a total of \$208,837,463. This represents a \$28,215,332 or an 11.9% decrease from FY 2018 adopted revenues. The estimated General Fund ad valorem property tax revenue of \$172,879,031 is an increase of \$6,286,874 or 3.8% from FY 2018 estimated ad valorem property tax revenue. As stated above, property values increased overall by 11.6 percent.

The largest increase in revenue source in the General Fund is from Licenses and Permits with an increase of 8.8%. The budget was reduced in FY 2018 as Building Inspection fees had declined. The FY2019 budget was adjusted to accurately reflect an increase of \$50,000 in health permits and building inspections.

The largest decrease in revenue source in the General Fund is from Reserves with a decrease of 85.6%. In FY 2018, reserves were needed for a one-time capital outlay of \$38 million for public transportation right-of-way. The General Fund is using \$34.7 million less in reserves in FY 2019 as compared to FY 2018. In FY 2019, reserves will be utilized to help replace the land and vitals system for the County Clerk.

The Other Revenue Source decreased 37.6%. Indigent Legal Reimbursements continue to decline and are projected to be at least \$100,000 less than budgeted for in FY 2018.

The County makes a concerted effort to maximize all revenue opportunities. With the growing population in the County, the County continues to pursue all grant opportunities, and focuses on collecting all fines and fees due to the County.

The largest area of growth in the FY 2019 General Fund Budget is in the Conservation area. This area has grown by 24.3% or \$61,526. The Extension Office County Agents received salary and benefits adjustments.

Culture and Recreation has increased by 17.0% or \$149,801. The increase in this area is mostly due to Libraries support payments that moved to the General Fund and equipment and furniture for Myers Park.

The General Administrative function area increased 12.5% or approximately \$5.3 million. A one-time capital outlay of \$6 million is budgeted for the County Clerk's Land and Vitals Software Replacement.

Equipment Services increased 9.8% or \$388,280. Fleet replacements account for a large portion of the increase in this function area. Equipment services received increase of \$189,500 in grounds equipment and increase of \$95,000 in automotive equipment.

The largest decrease is in the Public Transportation function area. In FY 2018, a one-time capital outlay of \$38 million was budgeted for public transportation right-of-way acquisition.

The second largest decrease is in the Unclassified function area with a decrease of 41.7% due to a transfer decrease to the Healthcare Fund of 1.5 million. The Healthcare Fund came in under budget in FY 2018 thus reducing the amount of funding needed from the General Fund.

Permanent Improvement Fund

The Permanent Improvement fund is also financed by a portion of the property tax levy as required in the Texas Constitution. Projects in the Permanent Improvement fund are those capital projects that do not necessarily warrant the expenditure of bond funds but are still necessary to the efficient operation of the County. A “Permanent Improvement” is defined as physical improvements to a facility, property and/or office. It is normally renovation and modifications to existing offices, buildings or grounds, etc. that are not considered normal repairs or maintenance. A walk-thru of each County facility is done every year. Maintenance and improvements to existing County facilities are funded through the Permanent Improvement Fund. Total estimated revenues in the Permanent Improvement fund for FY 2019 are \$472,771 of which \$362,771 are from property taxes. Total expenditures adopted for FY 2019 are \$1,963,000.

Conclusion

Collin County’s economy is still going strong, with the robust housing market, low unemployment rate, and a continued increase in population with economic growth that shows no signs of abatement. The County continues to focus on its top priorities and core responsibilities of county governance while maintaining a high standard of living for its residents.

The FY 2019 Adopted Budget is a financially sound plan and will allow Collin County to continue to provide for as high a level of basic services to our growing community as possible within the limits of available resources.

I want to thank Commissioners, Elected Officials, and Department Heads for working with me to develop this Adopted Budget. I appreciate the continued dedication to our strong financial principles and management. I would especially like to thank my staff for their dedication and commitment.

Respectfully,

History

Collin County (C-18/19), is located in northeastern Texas thirty miles south of the Red River. McKinney, the county seat, is thirty-four miles northeast of Dallas. The county's center lies at approximately 33°11' north latitude and 96°34' west longitude. With the exception of a small portion of its western edge, Collin County's area of 851 square miles lies entirely within the Blackland Prairie region of Texas. The surface of the county is generally level to gently rolling, with an elevation ranging from 450 to 700 feet above sea level. Deep clayey soils over marl and chalk surface the central and western part of the county. Dark loamy alluvial soils, subject to flooding during the rainy season, lie in the eastern section. The western and central portions of the county are drained by the East fork of the Trinity River. The Elm fork of the Trinity drains the eastern section. Bois d' arc, oak, elm, ash, pecan, and post oak trees grow along the streams of the county but not in sufficient quantity for commercial use. Limestone and sand for making cement are the only mineral resources. Temperatures range from an average high of 96° F in July to an average low of 34° in January. Rainfall averages just under thirty-five inches a year, and the growing season extends for 237 days.

Branches of the Caddo Indians inhabited the area before the arrival of the first white settlers. Occasional outbreaks of violence occurred between the two groups, but there was no extended period of conflict since the Caddos withdrew from the county by the mid-1850s. The absence of organized Indian resistance, combined with the county's fertile soil and an offer of land grants by the Peters colony attracted settlers to the area in the early 1840s. Even with the offer of free land, the estimated population of the county was only 150 when it was demarked from Fannin County on April 3, 1846, and named for Collin McKinney, one of the first settlers of the county and a signer of the Texas Declaration of Independence. The original county seat was Buckner. Because this town Buckner was not within three miles of the center of the county, however, McKinney became the county seat in 1848. Like the county, McKinney was named for Collin McKinney.

The settlement of Collin County can be divided into two phases. The first occurred during the early period of the county's history, from 1840 to 1860. The second phase took place during and after the arrival of railroads. The settlements established before the construction of rail lines seldom survived if the railroads bypassed them. The majority of the first settlers of Collin County were farmers who lived near streams, where water and wood were easily obtained. They established small, family-operated farms that produced mostly wheat and corn. The slave and cotton economy that characterized most of the South, with its large plantations, failed to take hold in the county. In part this was a result of the lack of navigable rivers and railroads to transport cash crops to retail centers. The nearest market was Jefferson, more than 150 miles to the east. In addition, the farmers who settled the county were from the upper South and had little experience in slaveholding or raising cotton. In 1860 only 1,047 of the 9,264 residents were black, and the cotton harvest was of no significance.

These factors, plus the influence of James W. Throckmorton, a native of McKinney and Texas state senator, resulted in Collin County's vote against secession, 948 to 405, in 1861. Once Texas joined the Confederacy, however, more than 1,500 residents of the county enlisted in the defense of the South, led by Throckmorton, who rose to the rank of brigadier general. During the war isolated incidents of violence occurred between Union sympathizers and Confederates, including the participation of an undetermined number of county residents in the events that led to the Great Hanging at Gainesville in 1862. Outbreaks of violence continued after the war. Farmersville, twelve miles east of McKinney, was the site of one of the killings that took place during the Lee-Peacock feud. By 1869 gunplay between the two groups had ended. Except for the military appointments of a few public officials in 1867–68, the county remained under the control of the Democratic party during Reconstruction.

For the first thirty years of the county's history farmers had little incentive to take advantage of the fertile soil of the Blackland Prairie, considered the richest agricultural region of Texas. Between the 1840s and 1870s the lack of transportation facilities, limited markets, and absence of mechanized farm equipment restricted the agricultural production of the county. The arrival of the railroad removed these obstacles and initiated a fifty-year period of economic growth. In 1872 the Houston and Texas Central Railway, the first to reach the county, connected McKinney and Plano to tracks that reached as far south as Houston. The Missouri, Kansas and Texas followed four years later and was joined in a decade by the Gulf, Colorado and Santa Fe. By the mid-1890s six railroads crisscrossed the county, connecting farmers to retail markets throughout Texas. With an outlet for their products farmers began to cultivate the unplowed fertile land in the eastern and central sections of the county. Between 1870 and 1920 the number of farms and crop production increased dramatically. In 1870, 903 farms valued at just over three million dollars produced 674,565 bushels of corn, 4,371 bales of cotton, and 42,827 bushels of wheat. In 1920 the number of farms had increased to 6,001, with a value estimated at well over \$84 million. Production of corn had increased to 2,574,689 bushels, cotton to 49,311 bales, and wheat to 956,412 bushels.

By the 1920s, twenty-three Collin County communities had voted road bonds totaling just under \$4 million. New roads, combined with State Highway 289, provided county residents with easy access to Dallas, Fort Worth, and Waco. By the end of the decade thirteen communities had electricity, natural gas, and a telephone exchange. Three had a population of over 1,000. In 1920 the county seat had 6,677 residents, and the population of the county was 49,609.

During the next forty years, however, the population declined. The Great Depression, mechanization of farms, and employment opportunities outside the county contributed to the drop in population. Although Collin County did not suffer the extreme hardships that befell other areas of Texas, the number of county farms declined from 6,069 in 1930 to 4,771 by 1940. The value of all crops harvested dropped from just over \$10 million to just over \$6.5 million during the same period. As late as 1940 Collin County's unemployment rate stood at 19 percent.

By the mid-1950s the economy had recovered. The average value of farmland per acre increased from \$58.91 in 1940 to \$145.52 in 1954. In part this improvement was a result of the efforts of the Texas Research Foundation and the Collin County Soil Conservation District. The Texas

Research Foundation, established at Renner in 1944, used the latest scientific discoveries to improve farming practices. In 1946 the Collin County Soil Conservation District was formed and planned the construction of 144 flood-retarding structures, including Lake Lavon, to prevent the flooding of thousands of acres of rich bottomland in southeastern Collin County. Farmers also benefited from the electric cooperatives established by the Rural Electrification Administration in the late 1930s. The Hunt-Collin Co-operative (1937), the Fannin County Electric Co-operative (1939), and the Grayson-Collin Electric Co-operative (1937) combined to bring electricity to the isolated communities of the county. New roads also assisted county farmers. In 1946 the county had 138 miles of paved roads. By the early 1970s the paved miles had increased to 2,333. The work of the Texas Research Foundation and improved soil-conservation practices increased the production of wheat, the county's primary cash crop, from 352,229 bushels in 1949 to 1,224,664 bushels in 1959.

The mechanization of farming, however, reduced the number of farms from 3,166 in 1950 to 2,001 in 1960. A corresponding decline in the county's population occurred. Historically the percentage of tenant farmers in Collin County was high; it reached a peak of 74 percent in 1925. By 1960 that figure had dropped to 38 percent. Because of the lack of business opportunities outside farming in the county, the majority of those forced to leave farming also left the county. The population decreased from 47,190 in 1940 to 41,247 in 1960.

Although agriculture, especially developing dairy farming, continued to be an important factor in the county's economy, by 1980 the introduction of light industry, combined with the growth of the Dallas metropolitan area, produced a successful diversified economy. In 1980 the number of business establishments totaled 2,388; 25 percent of the population was employed in manufacturing and 23 percent in wholesale and retail trade. Most of the population, 59 percent, worked outside the county. The economic growth between 1960 and 1980 accompanied a comparable population growth. Plano, eighteen miles northeast of Dallas, had the most dramatic increase of all Collin County towns: in 1960 Plano's population was 3,695, and twenty years later it was 72,331. Overall, Collin County's population increased from 41,692 in 1960 to 144,576 in 1980. Subsequently it continued to grow, largely as a result of the development of the suburbs in and around Plano. By 1990 the number of residents in Plano increased to 128,673, and the population of the county as a whole grew to 264,036, nearly double what it had been only a decade before. Many of the new arrivals in the county are from areas outside of Texas. As of 2014, the population of the county was 885,241, and the population of Plano was 278,495.

Though before 1970 the voters of the county were staunchly Democratic, from 1972 to 1992 they consistently chose Republican presidential candidates, and Republicans also made inroads in state and local races. Other changes have occurred. Due to the large number of young families that have moved to the area, the average age has dropped considerably, and education levels have been steadily rising. Hispanics, traditionally only a small minority in the county, now outnumber African-Americans, and the number of Asians is increasing rapidly. In 2014 about 61.2 percent of the population was Anglo, 15 percent Hispanic, 9.4 percent African American, and 12.3 percent Asian. Collin County is well on its way to being one of the most densely populated counties in Texas. The largest city, Plano, overshadows the county seat as the business and

educational center of the county. The diversified economy continues to diminish the number of farms. At its 150th anniversary the county little resembled what was settled in the 1840s.

Economy

Figure 17 – Employment by Industry

Estimated in 2017, for the employed population sixteen years and older, the leading industries in Collin County were Education, Health, and Social Services (19.4%) as well as Professional and Business Services (17.8%). Among the most common occupations were management, business, science, and art related occupations. Second would be sales and office occupations. Eighty-four percent of the people employed were private wage and salary workers; nine percent federal, state or local government workers; and seven percent were self-employed.

Eighty-one percent of Collin County workers drove to work alone in 2017, six percent carpoolled, one percent took public transportation, one percent walked, and one percent used other means. The remaining ten percent worked at home. Among those who commuted to work, it took them on average twenty-nine minutes to get to work.

The median income of households in Collin County was \$94,933. Eighty-nine percent of households received earnings and twelve percent received retirement income other than Social Security. Nineteen percent of the households received Social Security. These income sources are not mutually exclusive.

In 2017, ninety-four percent of people twenty-five years and over had at least graduated from high school and fifty-two percent had a bachelor's degree or higher. The total school enrollment in Collin County was 274,862 in 2017. Preprimary school enrollment was 12,559 and elementary or high school enrollment was 182,767 children. College enrollment was 62,229.

FY 2019 Adopted Budget Summary

Administrative Services

PURPOSE

Administrative Services manages the day-to-day operations and infrastructure of the County and acts as an advisor to the Commissioners Court on fiscal, functional, and legal matters. The Commissioners Court sets policy while Administrative Services implements that policy. Administrative Services works as a facilitator, coordinator and catalyst, developing good working relationships, and counting on and seeking out the support of the experts - department heads, appointed officials, elected officials, staff, and the community.

MAJOR PROGRAMS**ADMINISTRATIVE**

To provide direction and support to all areas of the Office of the County Auditor.

INTERNAL AUDIT

To perform audits under the direction of the County Auditor of County offices and departments to identify and address risks and ensure compliance with all laws, policies and procedures. Authority for these audits are found in the following State statutes: L.G.C. 112.002, 112.005, 112.006, 112.007, 113.043, 113.046, 113.064, 113.901, 114.023, 114.025, 114.043, 115.001, 115.002, 115.003, 115.0035, 115.0036, 115.004, 115.901, 117.058, 117.123, 140.003(g), 140.004(d), and 154.044.

ACCOUNTING

To account for and report on all financial activities of the County including budget and expenditures, revenues, capital assets and investments while ensuring compliance with the Governmental Accounting Standards Board (GASB) and all laws, policies and procedures. Authority for this activity by the County Auditor comes from the following State statutes: L.G.C. 112.002, 112.005, 112.006, 112.007, 113.901, 114.023, 114.024, 114.025, 114.043, 115.001, 115.002, 115.003, 115.035, 115.004, 115.901, 140.003(g), 140.004(d), and 154.044.

GRANTS AND PAYROLL

To account for and report all payroll and grant activities of the County. This includes searching and applying for grants for all departments of the County as well as preparing and submitting payment requests for grants. The payroll activity in the Human Resources Department is monitored to ensure accuracy of payroll activities. Authority requiring the County Auditor for this comes from the following State statutes: L.G.C. 112.002, 112.005, 112.006, 112.007, 113.901, 114.023, 114.024, 114.025, 114.043, 115.001, 115.002, 115.003, 115.035, 115.004, 115.901, 140.003(g), 140.004(d), and 154.044.

ACCOUNTS PAYABLE

To audit and prepare payments for all expenses of Collin County as prescribed by state statute in L.G.C. 112.002, 112.005, 112.007, 113.043, 113.046, 113.064 and 113.901.

PERSONNEL CHANGES

The Auditor's Office received a position change: the Secretary position is no longer needed and it has changed to an Accounting-Audit Specialist position which duties include processing, researching, evaluating, communicating, paying and maintaining statistics about court appointed attorneys. This change will allow to timely and accurately process payments while helping minimize the chance of errors for grant accountants; they were performing those duties, and now they can dedicate their time to the research of more available grants. The cost of this department improvement to Collin County is \$12,814 in recurring expenditures.

BAILIFF/COURT SECURITY

The goal of this organization is to provide the Justice of the Peace Court Precinct 1 with trained and qualified deputies, as bailiffs, to ensure the safety of the court, employees and the public as they conduct business with and for Collin County. The Local Government Code Section 86.021e requires that a Constable shall attend each session of Justice Court held in the Constable's Precinct.

- To provide security for staff and citizens by attending Justice of the Peace court sessions.
-

ADMINISTRATION

Administration is responsible to provide the employees of department supervision and direction which enables programs to operate on a daily basis. Oversees all functions, operations, and duties of the department.

FY 2019 Goals & Objectives

- Continue with education within the department utilizing information technology in an effort to maximize efficiency.
-

DEPARTMENT IMPROVEMENTS

Constable 1 received funding for the purchase of four body armors/ballistic vests. To address the reliability and safety issues for the officers, the new vests will replace the ones that are expiring in FY 2019 or have expired already. The cost of this department improvement to Collin County is \$6,280 in one-time expenditures.

Constable 1 received funding to purchase CradlePoint devices that will be installed in all patrol vehicles to have the ability to link to the FirstNet program as priority users. Collin County is moving to FirstNet to ensure first responders have a secured, priority connection for voice and data services.. The cost of this department improvement to Collin County is \$10,350 in one-time expenditures.

Constable 1 received funding for the purchase of a Case Records System (Athena) to be in compliance with Statutory Authority (Texas Govt. Code 411.054). The cost of this department improvement to Collin County is \$31,932 in one-time expenditures.

FY 2019 Adopted Budget Summary

WARRANT

The courts issue orders in the form of arrest warrants. If those orders were not carried out by law enforcement organizations, the courts would have no value and justice could not be served. We execute the arrest warrants in order to bring offenders before the Court of Adjudication.

FY 2019 Goals & Objectives

- To ensure the ends of justice are served by the guilty knowing there are consequences for their actions.
- To assure the merchants that the system is working for them when they are victimized by hot check writers.

ADMINISTRATIVE

The administrative program is designed to monitor all office activities in order to attain the most effective, efficient, and professional operation possible. The office is broken down into different divisions to make monitoring each more effective. The administrative staff has set out policies, procedures and objectives so each employee is clear on their function within the organization.

FY 2019 Goals & Objectives

- The goal of this organization is to provide quality public service in a cost effective manner by monitoring the day to day operations of this organization, projecting activity and making adjustments in areas of responsibility, projecting costs to operate and planning accordingly in the budget process.
- It is a goal of this organization to perform our job related duties in a professional, courteous manner with accuracy and efficiency and to conduct our daily business in accordance with all State and Local rules, laws and statutes.

WRIT DIVISION

Specialized program that deals with the court ordered attempt to collect judgments handed down by the courts in Civil Law Cases. This needs to be a specialized division, requiring one full time Deputy Constable and requires specialized training on state statutes on what property the defendant has that is subject to levy and sale of the non exempt personal property. Writs carry a large amount of liability for the office, the Deputy and the County if the writ is incorrectly executed and property is not seized and sold, or if the incorrect property is seized and sold.

FY 2019 Goals & Objectives

- To have well trained, well educated individuals that can work well under pressure and make good, sound, swift decisions when working writs and know how to research land deed records and other records to determine what property is subject to levy and sale.
- To work writs in a professional, efficient, diligent and effective manner and to treat all citizens fairly while working within the frame work of Texas Statutes and Laws.

PAYMENT DELINQUENT ORDER

Designed to Attempt to collect "hot checks" written to the Collin County Tax Assessor for registration of motor vehicles (for license plates). If the "hot checks" go uncollected, the fees are charges off to the State of Texas. By statute, any Sheriff, Constable or State Trooper may work these cases. If the person who issues the "hot check" can be located in our county and cannot/does not make restitution on the check, one option we have is to remove the license number plates from the vehicle and return them to the Tax assessor Collector. Collin County also collects a \$30.00 return check fee on each case collected.

FY 2019 Goals & Objectives

- To collect the registration and return check fees on each and every case by effective and efficient methods such as sending letters to the person that issued the "hot check", making visits to the known addresses and by seizing the license number plates, if necessary.
- To complete our assigned task in a professional, effective and efficient manner.

MAJOR PROGRAMS

ADMINISTRATION

Monthly reports measuring budget and schedules of Court approved Permanent Improvement Projects, Long Term Projects and Bond Projects are submitted. Quarterly PBM reports measuring goals, accomplishments and objectives for budget and schedules of Court approved Permanent Improvement Projects, Long Term Projects, Bond Projects and Leases are submitted.

PERMANENT IMPROVEMENTS

Through this aspect of our department we plan, design, review and oversee building projects through to completion. Projects are requested by Department Heads during the budget process and we research the best & most economical way to process as well as recommending & prioritizing them into categories such as safety, efficiency and new personnel requirements. We coordinate with General Contractors, Sub-Contractors, Engineers, Architects, Consultants, Materials Testing Labs as well as internal County Staff to assure projects are adequately managed and built within code and comply with regulations such as Americans with Disability Act.

FY 2019 Goals & Objectives

- To keep approved projects within budget 90% of the time.
 - To keep approved projects on schedule 90% of the time.
 - To improve the annual processing of construction budget requests submittals from county department heads. Ensure reviewing and responding to each submittal within 60 days 90% of the time.
-

BOND PROGRAMS / LONG TERM PROJECTS

Bond Projects are driven by the Public elections. We plan, design, review and see the project through to completion and handle warranties through duration. Prepare & maintain committee meeting agendas and minutes and post with proper entities. We coordinate with the General Contractor, Consultants, Architects and Engineers to accomplish a finished product built within code guidelines as well as meeting compliance guidelines with organizations such as ADA, Jail & Health Inspection. Review project manuals to assure the project is built to specification & permits. Monitor budget & schedules daily. Prepare monthly reports on schedules and budgets. We coordinate with all internal Department Heads to assure proper space allocation and needs of their department are met. Payment applications are reviewed and approved for Court; as well as change orders, shop drawings, submittals and purchases. Create schedules for design and production to meet required deadlines.

FY 2019 Goals & Objectives

- To keep projects within budget and on schedule 90% of the time.
 - To keep approved projects on schedule 90% of the time.
-

LEASES

Collin County in coordination with the Collin County Health Care Foundation oversees the space we as landlords lease as well as what we lease as tenants. Once a tenant has made an agreement to lease a space from Collin County, we investigate the tenant for type of business, financials and references. If renovations are required to satisfy the tenant's needs, we design and oversee renovations to their satisfaction. In addition, we also work with the tenant on a pay back plan for construction cost and amend rental payments for the time duration of the lease. We receive and track monthly rental payments and prepare monthly reports.

FY 2019 Goals & Objectives

- To maintain the occupancy rate of 85% or greater.
- Reduce/eliminate cleaning services on non-County leases.
- Charge for facilities improvement requests outside of lease agreement.

PURPOSE

Provide a high performance construction and planning department dedicated to meeting or exceeding established goals and objectives expected by the Collin County Commissioners Court and Citizens' expectations in an atmosphere of mutual trust, open communications, coordination and cooperation.

MINUTES

Attend all meetings and workshops of the Commissioners' Court as ex-officio of the Court for documenting court proceedings.

FY 2019 Goals & Objectives

- Minutes of each meeting are created, annotated and submitted for approval by the Court on the next available court date.

ADMINISTRATION

Administration leads the many functions of the County Clerk's Office. This function performs general oversight, public liaison and intergovernmental coordination roles.

FY 2019 Goals & Objectives

- To continue excellence in customer service to the visitors and citizens of Collin County. To ensure all staff are properly trained and educated in the laws that govern our duties to provide efficient services for the citizens we serve.
- Utilize available technology to increase office efficiencies.
- To maintain trust funds and accurate accounting of monies that are deposited by the County Civil and Statutory Probate Courts. Funds are invested (following court order) to obtain the highest available interest rate. Funds are disbursed per court order. The Court Registry account is balanced weekly and reconciled on the first business day each month.

DEPARTMENT IMPROVEMENTS

The County Clerk's Office received funds for the replacement of the Amcad/Granicus Software System. The current vitals and land software system is outdated and can no longer support needed updates. Cost of this department improvement is \$6,000,000 in one-time expenditures.

PERSONNEL CHANGES

The County Clerk's Office received funds for a personnel change. The change of a Deputy Clerk II to a Administrative Secretary is needed to perform current and new administrative office duties. Cost of this department improvement to Collin County is \$2,337 in recurring expenditures.

DEPARTMENT IMPROVEMENTS

The County Court at Law No. 2 received funds for the replacement of a bullet proof vest. The County replaces these vests when they reach end-of-life every five years to meet the National Institute of Justice's standards. Cost of this department improvement to Collin County is \$678 in one-time expenditures.

The County Court at Law No. 2 received funds for a ceremonial judicial robe. Judge Walker only requested one robe when he assumed office. A second robe has been on order for over a year due to measurement issues. Normal wear and tear brought about by wearing the same item every day has created the need to replace his current and only robe. Cost of this department improvement to Collin County is \$460 in one-time expenditures.

PURPOSE

The mission of the Collin County Community Supervision and Corrections Department and its personnel is:

- * To protect the community through supervision/incarceration of the offender;
- * To deter criminal behavior through the administration of sanctions;
- * To encourage positive changes in the offender's behavior; and
- * To increase community corrections involvement.

Our corrections philosophy is that offenders should be held strictly responsible and accountable for their actions, while being assisted in facilitating pro-social changes in behavior.

DEPARTMENT IMPROVEMENTS

Dispatch received funding for TXDOT Equipment for the Communication Center. TXDOT provides the list of necessary equipment that meets their specifications for public safety. Cost of this department improvement to Collin County is \$6,515 in one-time expenditures.

Dispatch received funding for TV Monitors. This will allow new data to be displayed at the Communications Center. One will display the status information on active and pending calls and available officers to all tele communicators at the same time and the second new screen will provide GPS data of where the officers are at through their radios. Cost of this department improvement to Collin County is \$8,015 in one-time expenditures.

PERSONNEL CHANGES

Dispatch received a transfer of twenty nine positions from the Sheriff's Office Administration department with no increase to the FY 2019 budget.

FY 2019 Adopted Budget Summary

District Attorney

PURPOSE

The Criminal District Attorney's mission is to pursue justice and protect the community. The Criminal District Attorney ("District Attorney") and his assistant district attorneys represent the State of Texas in almost all state criminal prosecutions in Collin County. They exercise that authority and discharge those responsibilities granted to the District Attorney by Texas law (including the Constitution of the State of Texas, Texas Code of Criminal Procedure, Texas Penal Code, and various other codes). As an administrator of justice and advocate for the rule of law, the District Attorney employs those of the highest integrity, skill, and courage. All staff members are committed to accomplishing the mission of the District Attorney through professional excellence, fairness to the accused, compassion and respect for victims and witnesses, and respect for the court and opposing counsel.

MAJOR PROGRAMS

To more effectively pursue justice and protect the community, the District Attorney has organized the office into separate divisions. The divisions reflect the varying nature of cases filed with the District Attorney by law enforcement agencies. The criminal divisions are Felony Trial, Misdemeanor Trial, Crimes Against Children, Grand Jury/Intake, Family Justice, Appellate, and Victims Assistance. Other specialized areas include the Special Prosecution Unit and the Domestic Violence Unit. The District Attorney has two divisions with responsibility in civil cases: the Civil Division (for Public Information Act requests, Bond Forfeiture cases, Asset Forfeiture cases, and Mental Commitment cases) and the Family Justice Division (for Juvenile cases and Adult/Child Protective Services cases).

FELONY TRIAL DIVISION

The Felony Trial Division includes 3 Felony Chief Prosecutors and 11 Felony Prosecutors. They work in seven of the district courts in Collin County. They are responsible for all felony cases in these courts except those cases assigned to Crimes Against Children, Special Prosecution, and Domestic Violence. Examples of Felony Trial Division cases include: felony DWI, drug possession, manufacture and distribution, burglary, felony theft, sexual and aggravated sexual assault, aggravated assault, murder, and capital murder cases.

FY 2019 Goals & Objectives

- Review and Evaluate all cases which have been indicted and assigned to the various district courts. Contact victims, determine restitution, when appropriate, and make plea bargain recommendations. Respond to discovery, prepare cases for trial, and demonstrate effective trial advocacy skills.
- Emphasize and direct resources to prioritize the prosecution of criminals who present the greatest danger to the community. Attempt a net reduction in apprehended cases while still pursuing justice and protecting the community.

SPECIAL PROSECUTION UNIT ("SPU")

The SPU includes, 1 Felony Chief Prosecutor and 1 Felony Prosecutor. The SPU prosecutors serve as a liaison to and give assistance to law enforcement agencies with criminal cases under investigation. The SPU prosecutors assist law enforcement agencies with case evaluation, warrants and training. The SPU prosecutors also handle the evaluation and Grand Jury presentation of certain types of cases including: officer-involved shootings, homicide, impact offenders, gang, and high profile cases. The SPU prosecutes some of these cases after indictment and some cases are handled by other divisions.

FY 2019 Goals & Objectives

- Assist law enforcement agencies with training, case evaluation, and warrant issues.
- Review and evaluate cases filed or referred by law enforcement agencies to our office that involve: officer involved shootings, homicide, impact offenders, gang, or are considered high profile. Present appropriate cases to the Grand Jury. Contact victims and determine restitution issues. For cases assigned to the SPU after indictment, make plea bargain recommendations, respond to discovery, prepare cases for trial, and demonstrate effective trial advocacy skills.
- Emphasize and direct resources to prioritize the prosecution of criminals who present the greatest danger to the community. Attempt a net reduction in apprehended cases while still pursuing justice and protecting the community.

MISDEMEANOR TRIAL DIVISION

The Misdemeanor Trial Division includes: 1 Chief Felony Prosecutor, 7 Misdemeanor Chief Prosecutors and 10 Misdemeanor Prosecutors. They work in the seven county courts at law and justice courts in Collin County. There is also 1 Misdemeanor Prosecutor assigned to handle the agreed pleas of guilt that are processed through the auxiliary court. They are responsible for all Class A and B misdemeanor offenses that are filed by information in Collin County. Class "A" and "B" misdemeanors are those for which jail time is part of the range of punishment. In addition, they prosecute all Class C offenses ("fine only" offenses like traffic tickets and ordinance violations) that are appealed to the county courts at law. The Misdemeanor Prosecutors also travel to the five justice courts in Collin County to prosecute the Class C misdemeanor cases that get set for court hearings and trial. On occasion, a Misdemeanor Chief Prosecutor will receive felony training and assist in a felony prosecution.

FY 2019 Goals & Objectives

- Review and Evaluate all cases which have been filed and assigned to the various county courts at law. Contact victims, determine restitution, when appropriate, and make plea bargain recommendations. Respond to discovery, prepare cases for trial, and demonstrate effective trial advocacy skills.

THE CRIMES AGAINST CHILDREN DIVISION ("CAC")

The CAC Division includes 1 Felony Chief Prosecutor and 5 Felony Prosecutors. They work in seven of the district courts in Collin County. The CAC Division prosecutes crimes committed against children who were abused at a young age, typically under 14 years of age. These cases involve laws and issues that are unique to child victim cases. The District Attorney is deeply devoted to pursuing justice for these especially vulnerable victims and also to protect the community from further harm. This division engages in "vertical prosecution," where prosecutors are assigned to cases during the investigation at the Children's Advocacy Center and the same prosecutor continues to handle the case through disposition. Early engagement by the prosecutor establishes a trusting relationship with a child victim, helps to minimize the trauma to a child victim, and helps achieve a just result.

FY 2019 Goals & Objectives

- Conduct the prosecution of CAC cases using a vertical prosecution model. Work closely with the detectives of the law enforcement agencies to aid and strategize in the ongoing investigations into these crimes.
- Review and Evaluate all cases which have been filed by law enforcement agencies and prepare and present appropriate cases to the Grand Jury. Contact victims, determine restitution, when appropriate, and make plea bargain recommendations. Respond to discovery, prepare cases for trial, and demonstrate effective trial advocacy skills.
- Emphasize and direct resources to prioritize the prosecution of criminals who present the greatest danger to the community, while minimizing the trauma to child victims. Attempt a net reduction in apprehended cases while still pursuing justice and protecting the community.

GRAND JURY AND INTAKE DIVISION

The Grand Jury Division includes 1 Felony Chief Prosecutors and 3 Felony Prosecutors. This Division receives almost all of the cases that are filed with our office from the law enforcement agencies within Collin County. The prosecutors review each case to make sure there is sufficient evidence to proceed with prosecution. If this standard is met, misdemeanor cases are directly filed with the Collin County Clerk and from there assigned to a court. Felony cases are presented to the Grand Jury for review. The Grand Jury hears evidence presented by the Grand Jury prosecutors and witnesses and then votes in secret to decide if a case should be indicted. Indicted cases are filed by the Collin County District Clerk into one of seven district courts.

FY 2019 Goals & Objectives

- Process, review, and evaluate all felony cases filed with the Grand Jury Division. Return cases to law enforcement agencies if more information is needed. Present cases to the Grand Jury.
- Process, review, and evaluate all misdemeanor cases filed with the Grand Jury Division in a timely and just manner. Prepare and file cases that possess sufficient evidence for prosecution in the county courts at law.

FAMILY JUSTICE DIVISION

The Family Justice Division includes 1 Felony Chief Prosecutor and 6 Felony Prosecutors.

Juvenile cases: There are currently 3 Felony Prosecutors who prosecute all Collin County juvenile offenses. A Juvenile case is where an actor that is younger than 17 but not younger than 10 years of age commits a criminal violation. Juvenile cases are different from adult criminal cases as they are filed as civil cases under the Texas Family Code and have special rules for handling juvenile offenders.

CPS cases: There are 3 Felony Prosecutors that represent the State of Texas in Child Protective Services (“CPS”) cases. These are cases where a child has been abused or is in danger of abuse, and a civil case is filed with the objective to find a safe harbor for the child.

FY 2019 Goals & Objectives

- Process, review, and evaluate all juvenile cases for appropriate disposition, that will pursue justice and protect the community. File petitions in appropriate juvenile cases. Represent the State of Texas in juvenile detention hearings and in any pre-petition hearings necessary for the case. Respond to Discovery, prepare cases for trial, and demonstrate effective trial advocacy.
- Process, review, and evaluate all cases presented to the District Attorney for removal of a child. File petitions, in appropriate cases, if the evidence shows that the child needs to be protected. Respond to Discovery, prepare cases for trial, and demonstrate effective trial advocacy.

DOMESTIC VIOLENCE UNIT ("DVU")

The DVU includes: 1 Chief Felony Prosecutor, 2 Felony Prosecutors, 1 Misdemeanor Chief Prosecutor, and 1 Misdemeanor Prosecutor. They work in seven district courts and seven county courts at law in Collin County. They are responsible for most misdemeanor and felony domestic violence cases which are filed by law enforcement agencies in Collin County. Examples of the cases they handle include: assault/family violence, aggravated assault, continuous family violence, enhanced family violence, assault by impeding breath or circulation, and stalking. DVU prosecutors engage in vertical prosecution in that they review misdemeanor domestic violence cases for filing and review/present felony domestic violence cases to the Grand Jury. Protective order applications and prosecution of violations of protective orders are also their responsibility.

FY 2019 Goals & Objectives

- Process, review, and evaluate all domestic violence cases brought to the District Attorney by law enforcement agencies. File appropriate misdemeanor cases by information and present appropriate felony cases to the Grand Jury. Contact victims, make plea bargain recommendations, respond to discovery, prepare cases for trial, and demonstrate effective trial advocacy. Prosecute cases in a manner consistent with pursuing justice and protection of the victim and our community. Attempt a net reduction in apprehended cases while still pursuing justice and protecting the community.
- Process, review, and evaluate all applications for protective orders and file petitions for protective orders for situations that qualify for the District Attorney to represent the applicant.

APPELLATE DIVISION

The Appellate Division includes 1 Chief Felony Prosecutor and 4 Felony Prosecutors. The Appellate Division is responsible for all cases that have been appealed to the Court of Appeals and the Court of Criminal Appeals that were prosecuted by this office. The Appellate Division also represent the District Attorney in post-conviction writs that are filed in criminal cases that have been prosecuted in Collin County. The appellate prosecutors evaluate and prosecute motions for non-disclosure and expunctions. These prosecutors also provide legal support to other prosecutors in the office.

FY 2019 Goals & Objectives

- Represent the State of Texas for all criminal cases that are appealed and originated out of this office.
- Represent the State of Texas for all writs that are filed within the jurisdiction of the Collin County District Attorney.
- Provide legal analysis to other District Attorney prosecutors as appropriate and necessary.
- Represent the State of Texas for all expunctions and non-disclosure motions filed in county courts at law or district courts of Collin County.

VICTIMS ASSISTANCE DIVISION

Victim Assistance Division staff serve as a compassionate and skillful liaison between the Collin County victims of violent crime and the complex criminal justice system. Our three Victims Assistance Coordinators (two budgeted and one grant) ensure that we comply with the State mandates in the Crime Victim's Bill of Rights and that each victim of a violent crime has the opportunity to have input into the ultimate decision of how the offender is prosecuted and punished. Each victim assistance coordinator helps victims by: informing them of their legal rights; assisting them with safety planning and making appropriate referrals, as needed; assisting them with applying for Crime Victims' Compensation; assisting them with completing the Victim Impact Statement; assisting them with protective orders and other paperwork, as needed; and accompanying them to meetings with the prosecutor and/or to court. The victim coordinator assists victims in cases of sexual assault, kidnapping, aggravated robbery, trafficking of persons, injury to a child, elderly or disabled individual, family violence, close family members of victims in death cases and assists victims in property crimes.

This area of the office provides a safe and comfortable place for victims to wait while their trial is taking place as often the victim is not allowed to remain in the courtroom. This safe place for victims carries the added security benefit of keeping victims separate from their attackers/abusers. The staff also has an open door for victims who have questions about their cases and for those that need information on available social services.

The Victims Assistance Coordinators also spearhead the District Attorney's commitment to educate the public about victims and their rights. The District Attorney helps sponsor the Tree of Angels in December of each year to remember and honor victims and their families. The District Attorney also helps sponsor the Victims Rights Week luncheon to honor victims, recognize their rights under the law, and foster a more equitable and supportive response to victims and their plight.

FY 2019 Goals & Objectives

- Victims of violent crime will receive assistance and information from victim advocates that empowers them to make informed decisions not only in their personal lives but also in relation to their participation in the criminal justice system and the exercise of their rights.
- Send and provide the required information packets to victims that include the "Rights of Crime Victims" as set out in the Texas Code of Criminal Procedure. Help crime victims apply for Crime Victim Compensation for those situations where the victim is eligible for relief. Help subpoenaed, out-of-county witnesses with reimbursement of qualifying expenses incurred because of their testimony at trial.
- Provide victims with community resources and safety planning.
- Provide a safe and comfortable area for the victims of crimes to wait while their trials are taking place.

CIVIL DIVISION

The Civil Division primarily handles four types of cases: Bond Forfeitures, Asset Forfeitures, Mental Commitments, & Public Information Act (PIA) requests). The Civil Division includes 1 Chief Felony Prosecutor and 1 Felony Prosecutor. The Civil Division also handles: out of state subpoenas; fraudulent lien advisory opinions, Bail Bond Board representation, Health Authority cases, Gambling seizures, PIA complaints, office subpoenas, and various other issues.

Asset Forfeiture: The Division reviews and, if appropriate, accepts cases filed by law enforcement agencies asking to forfeit property that was used in criminal activity or that is the proceeds of criminal activity. If sufficient evidence exists to support the request, a prosecutor will file a petition to seek a hearing to present evidence to the court showing that the assets should be forfeited.

Bond Forfeiture: These cases are filed by the Civil Division when a defendant who is on bond fails to show up at a required court appearance. The Civil Division files a Judgment Nisi, which is a substantively criminal case that is procedurally handled as a civil case. Forfeited sums are deposited into the county's general fund.

FY 2019 Goals & Objectives

- Process, review, and evaluate all cases brought to the District Attorney's office by law enforcement agencies for consideration of filing petitions for the forfeiture of assets.

CIVIL DIVISION CONTINUED

- Process, review, and evaluate all warrants & bond forfeiture notifications to determine if a Judgment Nisi should be filed. Follow through with each case to seek a final judgment of forfeiture of the bond to the county, when appropriate.
- Send and respond to discovery, file summary judgments, settle or prepare cases for trial, and demonstrate effective advocacy trial skills.

ADMINISTRATION

The Administration Division has responsibility for the leadership, operations, and support of the office. The Administration Division includes Operations and Investigations.

DEPARTMENT IMPROVEMENTS

The District Attorney's Office received funding for new shelving and a rolling ladder in order to meet storage and safety needs. Cost of this department improvement to Collin County is \$7,900 in one-time expenditures.

PERSONNEL CHANGES

The District Attorney's office received a Chief Felony Prosecutor for Discovery Compliance & Conviction Integrity. Adding this position will provide a more efficient and effective staffing solution not only to stay in compliance with all conviction integrity initiatives and systemic discovery-related issues (due in large part to recent statutory mandates), but also to continually maintain, update, and distribute the policies and lists to all necessary stakeholders within the criminal justice system. Cost of the new personnel to Collin County is \$137,916 in recurring and \$9,650 in one-time expenditures.

The District Attorney's office received a Felony Prosecutor position for Child Exploitation to better handle the unique prosecutorial challenges of this type of cases and to more easily accomplish the safety protocols and best practices in this area. Having an experienced dedicated child exploitation prosecutor with a unique depth of knowledge will result in a single handler and viewer of restricted and illegal material. This position will handle and support law enforcement from the investigation phase to the final case disposition. Cost of the new personnel to Collin County is \$111,956 in recurring and \$8,622 in one-time expenditures.

The District Attorney's office received a Felony Prosecutor position for the Domestic Violence Unit due to a consistently high percent increase in the number of Domestic Violence indictments in the past 2 years. Cost of the new personnel to Collin County is \$111,956 in recurring and \$8,622 in one-time expenditures.

FY 2019 Adopted Budget Summary

District Clerk

PURPOSE

The District Clerk performs the duties assigned by the Texas Constitution as registrar, recorder, and custodian of all court pleadings, instruments, and papers that are part of any legal cause of action in the District Courts of Collin County. Additionally, the District Clerk's office serves as a passport acceptance agent and provides jury services for all statutory District, County and Justice of the Peace courts in Collin County.

MAJOR PROGRAMS**CRIMINAL**

The District Clerk is statutorily responsible for all felony indictments and shall maintain an accurate record of all related documents. Indictments are received by the District Clerk from two grand juries, twice each week, during a six month term. The criminal deputy clerks shall have an understanding of the Texas Criminal Procedure Code and Rules and the Texas Penal Code as applied to the filing of an indictment, bond, judgment and any other pertinent information for the proper execution of said documents. Each clerk is responsible for the accuracy and organization of all material relating to processing a felony judgment and fulfilling all state reporting requirements.

FY 2019 Goals & Objectives

- Filing of all criminal indictments, pleadings, and documents; and accurately entering such filings into the case management system, thereby serving the courts and citizens in an efficient and timely manner.
- Provide the State of Texas, Office of Court Administration and Texas Department of Public Safety with all required reporting.

MAJOR PROGRAMS**VOTER REGISTRATION DATABASE MAINTENANCE**

The List of Registered Voters is maintained for 525,000+ voters in accordance with state law. Proper street file maintenance is critical for precinct and district assignment. The office interfaces with cities, school districts, special utility districts, the Central Appraisal district, and the County's GIS Department for current street information. The list is maintained and provided to jurisdictions prior to elections. Voter History is maintained for elections conducted by the county and provided to interested parties.

FY 2019 Goals & Objectives

•ABSENTEE BALLOT BY MAIL DIVISION - Restructure and streamline the absentee ballot by mail division of the elections department to include new software and equipment for the scanning and indexing of all absentee mail ballot applications and the returned envelopes containing voted ballots. The updated software will be used to store, track and process the scanned documents. This method will provide for a more efficient and secure way to process all mail balloting documents including annual absentee by mail applications that are valid for each election in a calendar year. The enhancement will also allow the ballot board to perform the required duties signature verification of the ballot applications and returned ballots via scanned images of the documents verses the current process that results in excessive handling of the hard copies documents. Completed in FY 2018.

ELECTIONS

To conduct Federal, State, County and local contracted elections within the timeframe defined by statute. Ballots are prepared, election equipment and supplies furnished, and logistical and managerial components are coordinated by election staff. Polling locations, sample ballots, interactive maps and election information are posted to the County's website: publishing's are done in compliance with election law. Ballots are tabulated and election results are released to the entities and the public in a timely manner. Early voting by personal appearance, absentee ballot by mail and election day vote centers are conducted as prescribed by law. Quantities of voting equipment, polling locations, supplies and election workers must be adequate to accommodate anticipated voter turnout.

VOTING EQUIPMENT MAINTENANCE AND SECURITY

The preparation, maintenance and testing of each voting machine and tabulation equipment is required by statute. The security management and tracking of all components is essential for the integrity of the election processes. Thorough auditing and record keeping before, during and after elections is required.

FY 2019 Goals & Objectives

- PREPARATION OF RFP FOR A NEW VOTING SYSTEM - Begin composition of a RFP for a new voting system to replace the current voting system that was purchased in 2003. Develop a timeline for completion of the RFP, public demonstrations from potential bidders and identify process and participants for reviewing the submitted RFP's. Implementation of a new voting system in Collin County is estimated for late 2018 or early 2019.

PUBLIC EDUCATION AND TRAINING

Public education and training programs are provided for citizens and voters in Collin County that cover election law, voter registration, polling place procedures and the use of the voting equipment. Volunteer Deputy Registrars are trained and deputized to conduct voter registration drives and assist in the voter registration processes. Election workers are thoroughly trained on proper procedures, legal requirements and use of equipment for conducting elections.

FY 2019 Goals & Objectives

- DEVELOP AN ELECTION EQUIPMENT TRAINING VIDEO - Develop an election equipment training video for use in training classes for election workers. The video will show a reenactment of the proper procedures for setting up and securing election equipment at the polling location, trouble shooting for equipment issues and shutting down procedures after the polls close. If possible, also load the video on the E-Pollbook laptop computers used in the polling location for quick reference by the election workers.

CAMPAIGN FINANCE

Maintain campaign finance reports and campaign treasurer designations filed by county level candidates, office holders and specific purpose political action committees. Reports are maintained in both hard copy and scanned/indexed electronic formats. Campaign finance reports are maintained in accordance with regulations outlined under Title 15 of the Texas Election Code. Forms filed under Title 15 are public records and must be made available for public inspection. Available to view on-line through the Collin County Website.

FY 2019 Goals & Objectives

- ELECTION SERVICES CONTRACTING PROCESSES - Develop new and improved processes relating to election services contracting procedures. Introduce new software that will enhance the end-to-end development of election services contracts including legal requirements, detailed costs for conducting the election and itemized cost apportionment for each of the participating entities. In addition, research ways to streamline and improve the turnaround time for completing election worker payroll entries.

Elections Office Enhancements**Enhancement #1**

In preparation for the November 2016 presidential elections, the following enhancements were put into place. An additional 400 voting machines were leased do to the record high voter turnouts. An additional (50) E-Pollbooks, licenses and peripherals were purchased and put in place at high voting sites. The voter registration temp pool and overflow phone bank included (25) additional workstations. (2) additional ballot printers were purchased as a result of recent legislation which states that qualified voters can request on their mail ballot application that a ballot will be mailed to them for each election that year instead of submitting individual requests for each election. In response to significant increases in mail and limited balloting, (5) additional optical scan ballot counters along with a desktop computer for use in the event of hardware failure were also purchased. Additional (15) early voting workstations were in place to accommodate the additional voter qualification units deployed.

Enhancement #2

Standardizing the types of laptops used at polling places minimized the challenges relating to equipment failure. (78) laptops with expired warranties were replaced. Also out of warranty was the replacement of the server that operates the ballot counting software in the tabulation room. With the 12 person overflow phone bank, additional switch equipment was purchased.

Enhancement #3

The ballot tabulation room was relocated to a larger area. As part of this space expansion additional tables, racking and cabinets were purchased. Tables were also needed when changes were made to the early voting room and provisional ballot processing areas.

Enhancement #4

The BallotBoard Signature Verification software and equipment purchased to address the challenges of processing the Absentee Ballot by Mail documents (ABBM). The ABBM procedures were amended in the 83th Legislature (2013) to permit voters to make a single application for ballot by mail for a calendar instead of an application for every election. Reduction in the repeated handling of ABBM application and improving the method used to perform signature verification of the mail balloting documents has provided enhanced security and streamline the mandated processes.

DEPARTMENT IMPROVEMENTS

Elections received additional funding for specialized equipment maintenance. Maintenance contracts include two Microplex voter registration certificate printers, three Okidata ballot printers, one Formax voter certificate burster and one Kodak mail ballot application/ballot envelope scanner. The maintenance contracts should include expedited on-site emergency repair provisions if the equipment needs repair during election periods. Cost of this department improvement to Collin County is \$5,000 in recurring expenditures.

MAJOR PROGRAMS**ADMINISTRATION/TRAINING**

Follow the goals, objectives, and standards set forth by the Collin County Commissioners Court and the Collin County Administrator. Collin County Office of Emergency Management ensures the hiring of qualified personnel. The administration will properly train and provide all resources necessary for personnel to efficiently function at a high level. This administration deals with daily operations of employee supervision, grant funding applications, internal and external reporting, planning, and writing policy and procedure manuals. Community Outreach which includes, exercises, training, presentations, tours of facilities, and public education are a large part of Emergency Management. Meeting with Federal, State, and Local jurisdictions make up a large part of the Emergency Management office. We have established a solid organizational relationship with numerous agencies which will benefit the citizens of Collin County for years to come.

MAJOR PROGRAMS**FAMILY AND COMMUNITY HEALTH**

Excessive weight and inactivity are consistently linked with increased incidence of chronic diseases. More than 2/3 of adults and nearly 1/3 of children and teens are obese or overweight, and Texas ranks as the 11th most obese state in the nation. Increased physical activity and improved eating habits have been associated with a greater ability to manage the complications of certain chronic diseases and delay the onset in individuals at risk. As a response, AgriLife has developed healthy lifestyle programs to be able to address these issues with an evidence based approach through education.

FY 2019 Goals & Objectives

- Increase knowledge and adoption of best practices related to the prevention of and self-care related to certain chronic diseases. This includes appropriate dietary changes, increased physical activity, weight loss, weight management, and obtaining regular health screenings. Education will also focus on the increased risk of developing complications associated with chronic disease and best practices related to reducing ones risk of developing these complications. Although open to all, implementation will be focused on those with or at risk of developing certain chronic diseases and will be provided through Texas A&M AgriLife Extension programs such as: Fresh Start to a Healthier You Walk Across Texas!, Dinner Tonight Cooking Schools, LGEG (Learn, Grow, Eat Youth Gardening Program), Youth Nutrition Classes and Cooking Well with Diabetes.

AGRICULTURE AND NATURAL RESOURCES

The Agriculture and Natural Resources program produces and implements educational seminars, programs, clinics, and workshops that provide small acreage landowners with the basic knowledge and skills for several different types of agricultural enterprises. This program is centered on research based information with conservation of county natural resources as a major focal point.

FY 2019 Goals & Objectives

- To educate Collin County landowners and residents on conserving their natural resources through the use of research-based information and best management practices. This is accomplished through the promotion of responsible land stewardship, sustainable production and management methods, and modern technological developments. Programs will address specific topics such as soil and water conservation, brush management, livestock health, and invasive species control.
- To educate Collin County residents to improve their stewardship of the environment and Texas' natural resources.

4H AND YOUTH DEVELOPMENT

The 4-H and Youth Development program is designed to prepare youth to meet the challenges of childhood, adolescence and adulthood, through a coordinated, long-term, progressive series of educational experiences that enhance life skills and develop social, emotional, physical and cognitive competencies. This is achieved in Collin County through 6 community 4-H clubs as well as ongoing curriculum enrichment programs with the 22 school districts that reach into Collin County. Highlights include character education, nutrition education, agriculture education, life science curriculum, Junior Master Gardener programs, environmental science, personal development of youth, and county, state and national leadership development.

FY 2019 Goals & Objectives

- To foster the development of responsible, productive, and self-motivated youth and adults by developing and encouraging life skills through all types of learning environments including community service, livestock shows, project activities, leadership opportunities and competitions. This year's goal is to grow and advance the 4-H organization by promotion, marketing and increasing enrollment numbers.

HORTICULTURE

Collin County Extension Horticulture is focused on improving the quality of life and environmental sustainability through education, research, and demonstration programs in the areas of landscaping, gardening, and farming. Increasing the understanding by the citizens of the principal and practices of Earth-Kind Environmental Stewardship will have a positive effect on environmental quality, beautification, and overall success in the landscapes and gardens. The goals of Earth-Kind are to conserve water, reduce pollution, reduce yard wastes, and conserve energy. These efforts extend into the area of Horticulture Crop Production. Extension is directly involved in improving the success of farmers growing horticulture crops. Through a multi-faceted educational approach we improve the ability of farmers to produce and market food crops and ornamentals, while remaining economically profitable. The Horticulture Program and Crops Committees help identify educational programming needs that will have an impact in our community.

FY 2019 Goals & Objectives

- The Collin County Extension Horticulture Program will help conserve and protect natural resources through the use of environmental friendly landscape and garden management system. Improve residents' ability to be successful in their garden and landscapes. Increase production and profitability of farming of horticulture crops while preserving and protecting the environment. Target of 75% of participants indicating increase knowledge of Earth Kind fundamental concepts. Target of 75% of participants adopting practices.

ADMINISTRATION

Administrative Assistants play a vital role: answering phones, assisting walk-in customers, answering questions, handling day-to-day activities, providing clerical assistance (preparing newsletters and correspondence, sending news releases, developing flyers and handouts, etc.), maintaining data bases, preparing special and routine reports, keeping track of the budget, coordinating volunteers and equipment. Administrative Assistants are responsible for running the office so that professional staff members can devote their time to educational activities, training volunteers, etc.

FY 2019 Goals & Objectives

- Provide quality customer service by telephone, in person, and by mail/email.

INSPECTIONS BUSINESS

LGC 352.016 mandates inspection or review of plan for fire or life safety hazards, which means to check plans and conduct inspections for any condition that endangers the safety of a structure or its occupants and promotes or causes fire or combustion, including the presence of a flammable substance, dangerous or dilapidated wall, ceiling, or other structure element, improper electrical components, heating, or other building services or facilities, the presence of a dangerous chimney, flue, pipe, main, or stove or of dangerous wiring, dangerous storage, including storage or use of hazardous substances or inappropriate means of egress, fire protection or other fire-related safeguard.

FY 2019 Goals & Objectives

- To perform fire prevention inspections on all commercial business on an annual basis.
- To provide Public Fire Education through direct contact with citizens who obtain any type of permit from the Fire Marshal's Office.
- To conduct an annual inspection on all wrecking and auto salvage yards operating in unincorporated Collin County.

CIVIL DEFENSE

The staff of the Collin County Fire Marshal's Office are members of Collin County Emergency Management Office. The FMO is also a part of the Local Emergency Planning Commission and receives annual Tier II reports on their behalf.

DEPARTMENT IMPROVEMENTS

The Fire Marshal received funding to purchase two (2) smartphone devices with the plan/feature that accesses the AT&T FirstNet Nationwide Public Safety Broadband Network. The department will test this feature that will enable public safety personnel to stay connected in an emergency situation. Cost of this department improvement to Collin County is \$492 in one-time expenditures.

MAJOR PROGRAMS

RURAL ADDRESSING

Assign e911 emergency response addresses to rural structures of Collin County. The responsibilities of this program are to assign addresses, update the statewide e911 address range database to reflect city annexations and communicate address and changes to the customer, Post Office, Sheriff's Office and other related agencies. This program is part of the Building Permit work-flow process of Development Services. This program is dependent on the Geospatial Database Management, Application Development, Cartography and Spatial Analysis programs of the GIS Department to be functional. The results of this program benefit Public Works, Auditor's Office (GASB 34), Sheriff's Office and the Elections Department. Each of these departments has a vested interest in the accuracy of roads and boundaries.

FY 2019 Goals & Objectives

- To Assign Addresses within 3 business days of receipt 95% of the time.
- To update Annex / Deannex information within 10 business days of receipt 90% of the time.
- To process Road Name Petitions within 21 business days of receipt 90% of the time.
- To update 911 Net system for rural MSAGs within 10 business days of receipt 95% of the time.
- To make City/County coordinated MSAG recommendations within 10 days for City 911 Net system updates 95% of the time.
- To communicate with City to update 911 Net system as recommended.
- Track acreage of land annexed by cities monthly.
- Track Collin County population.

GIS SERVICES

There has been some interest in hiring our GIS department for GIS services by other agencies. We started providing GIS Services to the City of Wylie in FY 2005. We have many resources that some cities within Collin County cannot afford, maintain or staff. We have an opportunity to leverage our GIS investment to support other County entities as well as generating revenue. This program is dependent on the Geospatial Database Management, Application Development, Cartography, Spatial Analysis and Web-Based GIS programs of the GIS Department to be functional. The result of this program is that the geospatial database that we develop for our customers is the same as ours. Thus, we do not have to convert or manipulate data to fit into our database schema.

GEOSPATIAL DATABASE MANAGEMENT

It is our department's goal to provide access to our GIS database to all employees and citizens. We have tiered our environment to three major components – Development, Power User and Web. Development is the GIS department. Power users are the departmental users and the web is for all. Mobile and Wireless GIS are now part of the architecture. All of the GIS Departments major programs are dependent on Geospatial database management. This program is the essence of GIS and requires hardware, software and network infrastructure.

FY 2019 Goals & Objectives

1. To acquire roads /city boundary from "digital" cities monthly 90% of the time.
 2. To process acquired roads / city boundaries into GIS database within 10 business days of acquisition date 90% of the time.
 3. To add hydrants within 1 month of receipt 90% of the time.
- To track the number of additions to the GIS database monthly.
 - To track the total mileage of roads in Collin County.
 - To track the total mileage of Collin County maintained roads.
 - To track the total mileage of city boundaries in Collin County.

PERFORMANCE MEASURES	FY 2014 ACTUAL	FY 2015 ACTUAL	FY 2016 ACTUAL	FY 2017 ACTUAL	FY 2018 ACTUAL	FY 2019 ESTIMATE
# of roads received added to GIS Database	3,557	5,952	8,536	3,986	8,881	9,100
Mileage of roads added to the GIS Database	358	571	584	320	180	300

APPLICATION DEVELOPMENT

Automating tasks, improving operational efficiency, supporting major programs and customizations are all reasons for applications development. Our GIS team has been developing applications since its inception in 1992. Application development represents the flexibility of GIS and enables our office to design internal and external web applications; develop address and road range calculations for our Rural Addressing program; automate methods to manage geospatial data; derive population estimates; and automate methods to produce maps. The Application Development program utilizes software such as Visual Studio and a GIS. This program supports Rural Addressing, GIS Services, Web-Based GIS, Spatial Analysis and Cartography.

FY 2019 Goals & Objectives

- To develop GIS based applications using Agile methods.

SPATIAL ANALYSIS

Spatial Analysis is a set of techniques whose results are dependent on the locations of the objects being analyzed (Dr. Michael F. Goodchild, National Center for Geographic Information and Analysis University of California, Santa Barbara). The Rural Addressing, GIS Services and Web-Based GIS programs are all dependent on spatial analysis. This program requires the Geospatial Database Management program to function.

WEB BASED GIS

The Web Based GIS program allows Collin County to “give back” to our constituency all of the time and resources spent developing the GIS database. We continue to develop web GIS projects and any citizen can view our aerial images, 2' contours and other data at any time as most of our GIS layers are now on the web. This program is dependent on the Geospatial Database Management, Application Development, Cartography, and Spatial Analysis programs of the GIS Department to be functional. The result of this program is a cost-effective method for the citizens, County departments, agencies and business to access our geospatial data.

FY 2019 Goals & Objectives

- To track the # of page views for the Interactive Maps application.
- Track the number of public-designed custom maps monthly.

PERFORMANCE MEASURES	FY 2014 ACTUAL	FY 2015 ACTUAL	FY 2016 ACTUAL	FY 2017 ACTUAL	FY 2018 ACTUAL	FY 2019 ESTIMATE

# of public designed custom maps using the Interactive Maps application*	11,177	8,195	2,185*	NA	NA	NA

*No longer able to track this data as of April 2016.

CARTOGRAPHY

Many may consider mapping the only thing the GIS Department does. However, cartography is often the end result of analysis that is performed. For instance, the Rural Addressing, GIS Services and Web-Based GIS all use cartography as part of their function. The Cartography program allows our office to creatively represent spatial information in clear and concise manner. We are an office of Geographers and cartography is our tool to creatively express ourselves. This program requires the Geospatial Database Management program (GIS software) to function.

FY 2019 Goals & Objectives

- To complete Jury Trial maps prior to trial date 95% of the time.
- To design / plot fire district maps within 1 month of request from VFD 90% of the time.
- To process "standard" map requests as identified in the Incident Management system 90% of the time.
- To process "custom" map requests identified in the Incident Management system 90% of the time.

ADMINISTRATION

General office support and administration. This program includes staff performance reviews, managing projects and requests, ordering supplies, etc.

DEPARTMENT IMPROVEMENTS

GIS received funding for server upgrades. These are upgrades to existing systems. A clustered server environment cannot be created with servers that have different license levels. A clustered server improves efficiency. Cost of this department improvement to Collin County is \$36,960 in one-time expenditures.

GIS received funding for a receiver needed to evaluate the accuracy and then make a decision about which GPS solution is best for the county. Cost of this department improvement to Collin County is \$2,500 in one-time expenditures.

APPLICATION DEVELOPMENT

IT Department's Application Development Group is responsible for delivering working software on a frequent basis. We build projects around motivated individuals, giving them the environment and support they need and trust them to get the job done. Our highest priority is to satisfy the customer through early and continuous delivery of valuable software. Working software is the primary measure of progress (Principles behind the Agile Manifesto).

FY 2019 Goals & Objectives

- To develop working software that delights our customers.
- To collaborate daily with our business throughout the project.
- To encourage face-to-face conversations among developers and our customers.
- To allow self-organizing teams to emerge.
- To have the development team reflect on how to become more effective, then tune and adjust its behavior accordingly.
- To follow an application development iteration - a pre-defined time box (Sprints).

PLAN - PROJECT MANAGEMENT OFFICE

The Project Management Office (PMO) is responsible for project planning and execution of all IT related projects in Collin County. The PMO team consists of project managers and business analysts who manage project activities including analysis, development, testing and implementation.

FY 2019 Goals & Objectives

- To plan all budgeted and adhoc projects that require IT's involvement (hardware, software, resources).
- To standardize project management processes for all projects (planned and unplanned).
- To provide end-to-end management of the project tasks, from project initiation to production support.
- To track budget vs. actual for all budgeted projects.
- To provide preliminary estimates for the magnitude of the project (estimate hours) in order to plan and schedule the project's execution.

DEPARTMENT IMPROVEMENTS

Jail Operations received funding for ballistic vests. The Detention Response Team (DRT) officers respond to incidents involving violent or destructive inmates and perform duties outside the Detention Center, including transports and courthouse security for high-risk inmates. Cost of this department improvement to Collin County is \$4,080 in one-time expenditures.

Jail Operations received funding for a key management panel. This will accommodate the growth in the set of keys stored. Cost of this department improvement to Collin County is \$2,400 in one-time expenditures.

PERSONNEL CHANGES

Jail Operations received additional staff. The addition of 8 Detention Officers and 4 Sergeants are needed because the section's workload has increased significantly in the past three years. Also, in December 2015, Sandra Bland regulations and the Sept. 2017 Sandra Bland Act added more steps to their work process. Cost of this department improvement to Collin County is \$4,128 in recurring and \$3,306 in one-time expenditures.

Jail Operations received additional staff. The addition of 2 Detention Officers needed for the two magistrations sessions per day also approved in the FY 2019 budget. Cost of this department improvement to Collin County is \$114,218 in recurring and \$768 in one-time expenditures.

MAJOR PROGRAMS**JURY MANAGEMENT**

The District Clerk, as Jury Administrator, will promote the most efficient and expeditious use of citizens' time when they are summoned to serve as a prospective juror. In fiscal year 2015, the District Clerk's office finished implementation of a new jury system that can better meet the needs of the citizens as prospective jurors. The new system allows for prospective jurors to complete their questionnaire on-line and receive notification by text or email if their service is no longer needed. Persons who report for jury service and discharge their daily duty may be reimbursed \$6.00 for the first day of service, and reimbursed \$40.00 per day thereafter or they may donate all or a portion of their pay to the Victims Crime Fund, Child Protective Services, or a non-profit agency approved by the Commissioners Court. The County receives partial reimbursement from the State for the payment to jurors.

FY 2019 Goals & Objectives

- To manage the jury process for all Collin County Courts (District, County, and JP) using the most efficient and cost-effective methods.

PURPOSE

The Justice Court in Precinct 1 presides over a Civil and Criminal Court. The type of civil cases the Court hears include, Repair/Remedy, Evictions, Credit or Debit Card suits and Small Claim cases where the amount of controversy does not exceed \$10,000.00. The Criminal Court handles many criminal matters that occur in the precinct and are punishable by a fine only [no jail time]. Some of those cases include, Traffic matters, Assaults, Thefts, Education Code and Alcohol/Tobacco Violations. The Judge in this Court also sits as a magistrate and presides over the jail cases each morning. Other magistrate duties include, juvenile warnings, felony warrants, examining trials and many other areas. The Justice Court also handles driver's license suspension, animal cruelty cases, disposition of stolen property matters and nuisance cases. This court also presides over hearings on deed restrictions and an assortment of other administrative magistrate functions.

This court is also responsible for the collection of fees for the court, warrant issuance, various types of civil processes, issuance of summons, assignment and monitoring of community service, monitoring compliance of mandatory drug and alcohol rehabilitation courses as well as probated sentences and driver's safety courses. This court also serves as the administrative court for all Justice Courts within Collin County.

DEPARTMENT IMPROVEMENTS

Justice of the Peace No. 3-1 received additional funds for Education & Conference. Additional funding will be used for training related to new legislative changes and to cover training for a position that was recently added. Cost of this department improvement to Collin County is \$1,700 in recurring expenditures.

PURPOSE

To provide efficient, friendly and professional service to all citizens who come into contact with this Justice of the Peace Office. The Court is responsible for maintaining, processing, and hearing cases filed by state and county agencies, local businesses and citizens. We provide a Civil Night Court and Teen Court Program to help move cases along and provide good, inexpensive alternatives to the public. This court will continue to effectively process all Class C Misdemeanors, civil suits of all kinds, and assist the students of Collin County through a comprehensive truancy program. We are able to achieve this goal through continued training, legal seminars, use of technology and employee diligence.

MAJOR PROGRAMS**CRIMINAL**

The courts have original jurisdiction in criminal cases punishable by fine only, or punishable by a fine and a sanction not consisting of confinement or imprisonment: traffic tickets, bad checks, minor in possession and others. These cases involve receiving payment, monitoring deferred and alternate sentencing, setting contested cases for trial, and pretrial hearings with the county prosecutor. Criminal procedures for these cases are found in Chapter 45 of the Texas Code of Criminal Procedure. Per Government Code 103 courts have a variety of collection duties to perform.

FY 2019 Goals & Objectives

- Facilitate the timely disposition of cases through an open and understandable process.
- Conduct collection program as directed by the State of Texas.
- Provide quality customer service that continually improves and meets or exceeds public expectation.
- Provide a safe court environment and ensure access to court services to all citizens.

CIVIL

The Justice Courts in Texas are set forth in Chapter 27 of the Texas Government Code. Justice Courts have jurisdiction of civil matters in which the amount in controversy is not more than \$10,000, exclusive of interest, these include the small claims and debt claim cases. The Justice Court has original jurisdiction in eviction cases and "Repair and Remedy" landlord-tenant issues. Justice Courts also have jurisdiction of suits relating to enforcement of a deed restriction of a residential subdivision that does not concern a structural change to a dwelling. Rules 500-510 of the Texas Rules of Civil Procedure cover actions in Justice Courts.

FY 2019 Goals & Objectives

- Facilitate timely disposition of cases through an open and understandable process.
- Provide quality customer service that continually improves and meets or exceeds public expectation.
- Provide a safe court environment and ensure access to court services to all citizens.
- Provide a fair and impartial forum and resolve cases in a responsible manner.

ADMINISTRATION

Communicate effectively with and provide needed services to families, law enforcement, the District Attorney, medical community, Homeland Security, the legal community, funeral directors, County administration, Auditor and Purchasing.

DEPARTMENT IMPROVEMENTS

The Medical Examiner's Office received additional funding to cover the steady increase in the use of Medical Supplies and Lab Services needed due to the recently added full-time physician. The cost of this department improvement to Collin County is \$30,000 in recurring expenditures.

PERSONNEL CHANGES

The Medical Examiner's Office received funding for a full-time Field Agent. This position was added due to the steadily increase of number of cases filed and to the need for better distribution of the overall workload between current staff; it will also help reduce over time while providing more coverage for in-office staff during business hours. The cost of this department improvement to Collin County is \$13,524 in one-time expenditures, and \$73,307 in recurring expenditures.

ADMINISTRATION

Minimum Security staff have many ancillary duties involving administrative tasks that must be completed daily, weekly, monthly, and annually. For example, daily reports must be submitted to supervisory staff that explain incidents involving inmate and staff. Observation forms must be completed to report inmate activities during a 24 hours period. Furthermore, paperwork must be submitted on cleaning issues, maintenance related issues, and daily shift reports. Finally, training must be offered and completed on all employees assigned to this area.

FY 2019 Goals & Objectives

- Training Measures in Jail PBM.

INMATE PROGRAM

According to the Texas Jail Commission, "Each facility shall have and implement a written plan, approved by the Commission, for inmate rehabilitation and education. The plan shall make maximum use of the resources available in and to the community in which the facility is located. The plan should include programs for voluntary participation by inmates." For example, alcohol or other drug abuse, and vocational rehabilitation. These plans are available to Minimum Security inmates.

PASSPORTS

The District Clerk's office accepts passport applications according to the requirements set forth in the United States Code, Title 22, Chapter 4. In addition to processing an application for a U.S. passport, the District Clerk may also take passport photographs. Passport acceptance is not mandated, however, the District Clerk is the only acceptance agency in the county allowed by statute outside of the U.S. Post Offices, which are currently providing limited services in Collin County. In order to be designated as a passport acceptance agent, employees are required to pass an exam administered by the U.S. State Department and complete a six hour course annually. Passports are accepted in offices located in Plano and McKinney. Revenues received from processing passports and photographs are deposited into the county's general fund.

FY 2019 Goals & Objectives

- Serve the citizens by efficiently processing passport applications according to federal regulations.

MAJOR PROGRAMS

ASSESSMENTS & REFERRALS

Alcohol/drug assessments (also called substance abuse evaluations) are an interview process to identify the extent of an individual's alcohol or drug use and make recommendations for abstinence, treatment or other appropriate actions.

FY 2019 Goals & Objectives

- To provide assessments to adolescents and adults in order to give the individual and the referring entity recommendations for treatment or other kinds of appropriate help.
- To increase the number of adolescent assessments for Teen Court and Juvenile Probation.

PERFORMANCE MEASURES	FY 2014 ACTUAL	FY 2015 ACTUAL	FY 2016 ACTUAL	FY 2017 ACTUAL	FY 2018 ACTUAL	FY 2019 ESTIMATE

PRESENTATIONS

In order to inform county residents about alcohol and drugs, trends and actions to take, county groups (such as schools, PTAs, churches, city councils and others) occasionally request presentations about these issues. We get these requests either specifically for our agency or for the Substance Abuse Coalition of Collin County, of which we are a part. Our expertise is in discussing drug trends in general, adult and adolescent use in Collin County and parenting information. These presentations are generally given free of charge. We bring handouts included with the presentation and we often have a display of drug paraphernalia or other items which suggest drinking or drug use. Our agency is the recognized authority on substance abuse in the county.

FY 2019 Goals & Objectives

- To provide presentations to community groups about alcohol/drug awareness within 4 months of request.
- To educate county residents about alcohol/drugs, thereby promoting and protecting public health by providing presentations to community groups.

MAJOR PROGRAMS**MAIL DELIVERY AND PICK-UP**

This program encompasses receiving mail at the dock from USPS and certain courier services, delivery to and pick up of mail from the Post Office, running mail and interoffice correspondence between offices. Orders out of Central Supply are also delivered on the earliest route possible. Support Services currently makes "mail runs" to most of Collin County's staffed facilities daily. To minimize some costs, mail is delivered less frequently to more remote locations, such as Myers Park.

FY 2019 Goals & Objectives

- To deliver and pick up Countywide mail no later than 1:45 pm each day 95% of the time.
- To provide next business day delivery on all interoffice mail 98% of the time.

METERING AND SORTING

Support Services sorts mail received to deliver to each office and sorts outgoing mail by the first 3 digits in the zip code to get discounted rates. Mail is metered and boxed for delivery to the post office. Special items including larger parcels are metered on site prior to delivery.

FY 2019 Goals & Objectives

- To work with departments and use presorted rate for over 75% of County mailings.
- To provide next business day delivery on all outgoing mail 98% of the time.

ADMINISTRATION

The administrative function of Support Services coordinates Central Supply for the purchasing and arranging delivery of printer toner, fax toner, concession supplies and paper orders. The Support Services Supervisor also works with vendors to stay on top of postage rate changes and find cost-effective methods of delivery. Other standard functions of time coordination, office management and correspondence are completed under this heading. The Support Services Supervisor is also responsible for submitting monthly copier readings so the County is billed correctly for usage.

FY 2019 Goals & Objectives

- To deliver supplies from warehouse by next day after order is placed 95% of the time.

DEPARTMENT IMPROVEMENTS

Support Services received funds to replace the mail machine. Funds needed to replace current machine with a more reliable model. Cost of this department improvement to Collin County is \$38,498 in one-time expenditures.

Support Services received funds to replace the folder/insert machine. Funds needed to replace current machine with a more reliable model. Funds needed to replace current machine with a more reliable model. Cost of this department improvement to Collin County is \$17,804 in one-time expenditures.

DEPARTMENT IMPROVEMENTS

Road & Bridge received funding for vehicle and equipment replacements. The total cost of this department improvement is \$2,036,850 in one-time expenditures to Collin County.

Road & Bridge received funding for a striping machine. This will enable County personnel to respond rapidly to unsafe situations when striping has been damaged or removed as opposed to having to wait on a contractor to mobilize. Cost of this department improvement to Collin County is \$75,200 in one-time and \$3,000 in recurring expenditures.

Road & Bridge received funding for an upgrade on Electronic Sign Boards. The department currently has 6 electronic signboards that are not cellular enabled for remote access and they do not have the radar/speed display function. Cost of this department improvement to Collin County is \$21,030 in one-time expenditures.

Road & Bridge received funding for an upgrade on the Pavement Management System. This is needed do to increased issues with the program crashing and some functions no longer working with the switch to Microsoft Surface Pros and Windows 10. Cost of this department improvement to Collin County is \$1,900 in recurring expenditures.

Road & Bridge received funding for a sweeper truck. This truck with hopper as well as side dumping capability to transfer material to another truck without having to return to a disposal location when it gets full. Allow sweeping and material removal from roads and parking lots without sweeping rocks and debris into mowed areas and/or drainage ditches that flow to the creeks and lake. Cost of this department improvement to Collin County is \$300.090 in one-time and \$2,500 in recurring expenditures.

Road & Bridge received funding for a heated power washer. This unit will be used for cleaning all of the 6 current directly related asphalt machines as well as other equipment. The cleaning will be done on the job site or at the stock piles. This will allow the cleaning of machines to be done quickly and efficiently, getting the machines back on the job quicker. More frequent cleaning will also help identify maintenance needs and reduce potential down time. Cost of this department improvement to Collin County is \$13,500 in one-time and \$1,600 in recurring expenditures

Road & Bridge received funding for a projector. This will enable all attendees of meetings, can all view maps, pictures, documents, videos, etc. clearly to discuss and comment on. Cost of this department improvement to Collin County is \$1,100 in one-time expenditures.

Road & Bridge received funding for a finish roller. This small roller will be used by one of the crews performing cutout repairs and will result in much better compaction and it will be done quickly. Cost of this department improvement is \$50,144 in one-time and \$2,200 in recurring expenditures.

Road & Bridge received funding for a plate compactor. This small flat bottom compactor will be used to compact the areas that are unreachable by other equipment to provide proper compaction. Cost of this department improvement is \$2,000 in one-time and \$1, 000 in recurring expenditures.

ANIMAL HEALTH

The Animal Health program will encompass measures to ensure that our Shelter will not be shut down due to disease. An outbreak of Parvovirus or other communicable disease could cost many animals their lives (death due to disease and a mass EU to stop contamination). An outbreak could force the Shelter to be shut down which would cost the County an undetermined amount of money. In addition to finding alternate housing for County animals, we would have to honor our Inter Local Agreements with municipalities and possibly have to pay for alternate location boarding of animals for weeks to months if the Shelter could not be used. It would also be very costly to follow disinfecting procedures following such an outbreak. Many Shelters across the country have been shut down for weeks to months due to outbreaks of communicable diseases.

FY 2019 Goals & Objectives

- Vaccinate all dogs, cats and other relevant animals within 1 day of arrival to the shelter 90% of the time.

MAJOR PROGRAMS**DOCUMENT PRESERVATION**

The District Clerk, as the custodian and manager of all District Court cases shall keep an index of the parties to all suits filed in the Courts. The District Clerk's office utilizes the Odyssey Case Management System to scan, capture, and manage the records for the District Courts of Collin County. Currently all new records filed in the District Clerk's office are scanned into the case management system, thus allowing for ease of access and viewing by the courts and the public. In addition, the District Clerk is bound by statutory requirements for records retention. The District Clerk follows the guidelines set forth by the Texas State Library and Archives Commission which require permanent retention of all case papers and trial dockets dated prior to 1950, and "case papers from any period that, because of notoriety or significance, might possess enduring value." Records preservation and restoration efforts are funded by the collection of statutorily required preservation fees added to specific types of cases filed in the District Clerk's office.

FY 2019 Goals & Objectives

- Preserve documents and conduct restoration activities.
- Capture and digitize documents for ease of use by the courts and the public.

CAPITAL IMPROVEMENT PROGRAM

Introduction

Definition of a Capital Improvement

Collin County defines a Capital Improvement as an investment of public funds into infrastructure projects that add value to the physical assets or increase their useful life. Improvements include major construction, acquisition, and renovations. While normal capital expenditures are defined as individual purchases with a value of \$5,000 or more, Capital Improvements are not defined using a dollar threshold but instead are those funded with debt and that fall in one of the five project types listed below:

- City Roads
- County Roads
- Facilities
- Open Space
- Tax Notes

Each of these project types are described in detail starting on Page 405 in the section titled “Impact on the Operating Budget”. The Capital Improvement Program is a multi-year infrastructure plan which matches the County’s highest priority capital needs while balancing the County’s financial constraints. The total budget for Capital Improvement Projects in FY 2019 is \$81,446,017 and a break down by project group can be found on Page 408 in Table 12. The individual project details begin on Page 413.

Capital Improvement Financing

Collin County issues general obligation bonds and tax notes to finance major capital projects. Capital Projects funded with bonds or other indebtedness will be managed during construction by a multiyear budget.

General Obligation (G.O.) bonds are municipal bonds backed by the credit and taxing power of the County. Collin County utilizes these types of bonds for funding all types of capital projects with the exception of information technology improvements.

Tax notes, or Tax Anticipation Notes, are short term debt instruments used to finance projects before tax revenues are received. Once the County receives the taxes the debts are repaid according to the repayment schedule. Collin County utilizes tax notes for large information technology and building construction county-wide projects.

Debt Policy

The County’s legal limits on debt are stated in the Constitution of the State of Texas, Article 3, Section 52. It says that by an affirmative vote of two-thirds majority of the voting qualified voters of the county, the County may issue bonds or otherwise lend its credit in any amount not to exceed one-fourth of the assessed valuation of the real property of the County. The County must

set up a sinking fund and levy and collect taxes to pay the interest and principal of the annual required debt service until the debt is retired.

While Collin County does not have a formal debt policy, Collin County tries to keep the debt portion of the tax rate at no more than 5.5 cents of the tax rate or no more than 30% of the total tax rate. The County's debt limit is 25% of assessed value of real property. The assessed value of the real property in the County is \$127.7 Billion and one quarter of this amount is \$31.9 Billion. The total debt of the County is \$319.7 Million to be paid over the years until 2036. Both bond-rating agencies have rated the County the highest possible, with Moody's Investors Services rating Collin County their highest rating of AAA and Standard and Poor's rating the County at AAA.

The County relies on the advice of a professional outside financial advisor and its own financial officers about when it is advisable to issue new debt. A guiding principle on the issuance of new debt is the desire of the County to continue to maintain AAA bond ratings. We are well within the permissible limits set out by these advisors to continue with this goal.

Bond Elections

2003 Bond Status

Each 2003 bond proposition was developed by a citizens committee, which evaluated and determined viable projects for the program. Committee members were nominated by the Commissioners Court and included representatives from municipalities and unincorporated areas of the County. Engineers, architects, urban planners and other specialists supported the committee. The mission of the citizens’ committee was to make recommendations that would enhance the quality of life in Collin County while taking into consideration the County’s future growth. After months of meetings, the committee made recommendations to the Commissioners Court on which projects they would like to see considered as a part of the 2003 Bond Program.

On November 3, 2003, Collin County called a bond election totaling \$229 million on three propositions. Proposition One was to issue bonds in the amount of \$142 million for construction, maintenance and operation of roads and turnpikes throughout the County, including participation in the cost of joint State Highway and joint city projects. Proposition Two was to issue bonds in the amount of \$11 million for the purpose of acquiring and improving land for park and open space purposes, including joint county-city projects. Proposition Three was to issue bonds in the amount of \$76 million to acquire, construct, improve, renovate and equip juvenile and adult detention facilities, including court facilities and acquisition of land. The voters of Collin County approved all three propositions. The schedule for the construction of the projects approved in this bond election was coordinated with the County’s Debt Management Plan to ensure that projected capital funding requirements were consistent with plans for the sale of authorized General Obligation bonds and tax notes.

2003 Tax Notes

In addition to the \$229,000,000 from the 2003 Bond Program, short-term debt was sold to fund important acquisitions and projects for the County. Some of the items funded with short-term tax notes include court imaging, the web project, fiber and the voice over internet protocol phone system. \$25,000,000 in short term debt was sold to purchase an Enterprise Resource Planning System and a Judicial System. The Enterprise Resource Planning System will include accounting, reporting, purchasing, human resources, budgeting, fleet, building permits and other core software needs. The new Judicial System integrates the District, County and Justice of the Peace Courts with the District and County Clerks offices as well as the District Attorney.

2007 Bond Status

On November 6, 2007, Collin County called a bond election totaling \$328.9 million on three propositions. The Commissioners Court set the funding for the 2007 Transportation Bond at \$235.6 million, the Facilities Bond at \$76.3 million and the Parks & Open Space Bond at \$17 million.

The 2007 bond propositions were developed by citizen committees, which evaluated and determined viable projects for the program. Committee members were nominated by the

Commissioners Court and include representatives from municipalities and unincorporated areas of the county. The committees were supported by engineers, architects, urban planners and other specialists. The mission of the citizen committees was to make recommendations that would enhance Collin County residents' quality of life, while taking into consideration the county's future growth. After months of meetings, the committees made recommendations to the Commissioners Court on which projects would be considered as part of the 2007 Bond Program.

The transportation bond funded 113 projects that represent transportation needs in Collin County, including roads within both city limits and in unincorporated areas. An additional 68 projects have been identified and funded under this bond program. For transportation improvements within any city's jurisdiction, the county's participation is a fixed amount, so cost overruns will not result in an increase in the county's share of the cost. In order to encourage local participation, county funding will not exceed 50% of a project's total cost. Should a city be unable to provide matching funds to pay for a project within its jurisdiction, the county's contribution from this bond program will be diverted to another approved project.

The transportation bond committee relied heavily on the cities' recommendations in developing the list of road projects to fund. In addition, extensive traffic, population and commerce projections were collected from the North Central Texas Council of Governments in order to develop future county mobility needs. Collin County is one of the fastest growing areas in Texas in terms of population and business, now and in the foreseeable future, and our transportation needs reflect this increasing pressure on our infrastructure.

The facilities bond funded four facilities projects: expansion of the county courthouse, construction of a new juvenile alternative education facility, expansion of the juvenile detention facility, and expansion of the adult minimum security detention facility. The second phase of the new courthouse expansion has allowed court administrative offices and county courts-at-law in the older courthouses to acquire needed additional space in a centralized location. The expansion included an upgrade to the Central Plant (new piping, heat exchangers, a chiller and a cooling tower), the addition of 170,000 square feet of office space, which opened in August 2011, and remodeling of the existing office space to Courtrooms.

The facilities bond program has also provided funds for a new Juvenile Justice Alternative Education Facility, which meets current and future needs for the education and mainstreaming of troubled youth. The school was located in temporary office space at the University Drive Courthouse, and was inadequate as a secure and monitored school environment for the current enrollment. The new permanent facility is located on the county government campus on Community Drive. Construction began for the new Juvenile Justice Alternative Education Facility in 2010 and opened in the summer of 2011.

The third component of the Facilities bond program is the expansion of the adult minimum security detention center. The center, located adjacent to the Sheriff's Department and the Collin County Jail complex, will double its bed space to meet projected needs. Expansion of the Collin County Minimum Security Detention Center is projected to cost \$10.2 million. The funding for

the expansion of the Minimum Security Detention Center in FY 2019 will be reallocated to the expansion of the jail where the County currently has a growing need.

Finally, the facilities bond program was intended to fund an expansion of the Juvenile Detention Facility in order to meet projected county population growth. The construction of an additional 48-bed housing unit (bringing the total bed count to 192) was estimated at \$8,500,000. The funding for the expansion of Juvenile Detention Facility in FY 2019 will be reallocated to the expansion of the jail since the growth in the County has not translated into the need for additional beds in Juvenile Detention.

At the time of the 2007 Bond Election the projected growth in the county showed a need for expansion of Minimum Security and Juvenile Detention, but over the past eleven years the growth has not translated into additional beds needed in these facilities. The Jail is now in need of expansion to keep up with the growth in the county. All remaining authorized funds for facilities will be allocated and sold in FY 2019 totaling \$45,800,000. There is \$28,100,000 coming from savings of the completed second phase of the courthouse and the remaining \$17,700,000 from the expansion of Minimum Security and Juvenile Detention facilities.

For parks improvements throughout the county, bond proceeds will be used assist cities to acquire land for open space and recreational facilities and to construct and improve parks and recreational opportunities within the county, but not necessarily owned by the County. Bond proceeds will provide 50% of the funding for each eligible project, with the balance provided by cities and non-profit organizations.

The 1999, 2003, and 2007 parks and open space bond programs have returned over twice the investment of funds into them. A total of \$35,208,642 has been awarded since 1999.

The voters of Collin County approved all three propositions. The schedule for the construction of the projects approved in this bond election will be coordinated with the County's Debt Management Plan to ensure that projected capital funding requirements are consistent with plans for the sale of authorized General Obligation bonds and tax notes. Funding for these three programs was set based on anticipated bond capacity necessary without raising County taxes.

2018 Tax Notes

Commissioners' Court approved the issuance of \$18.1 Million for facility and technology projects. These tax notes will be fully funded by the Debt Service fund balance for a 1-year term due August 15, 2019. The projects include \$1.4 million for the expansion of the Medical Examiner's building, \$2.2 million for the remodel of the Plano offices, \$3.2 million for a new facility for the Justice of the Peace and Constable staff in Precinct No. 2 and \$10.2 million for new Elections equipment and technology. There will be \$1 million set aside in contingency for the identified projects.

2018 Bond Election

On November 6, 2018 Collin County called a bond election in the amount of \$750 million for transportation and open space projects on three propositions.

Proposition A in the amount of \$600 million will be for non-toll high speed highways and freeways and related service and frontage roads including participation in joint county-state and county-city projects. Studies show that congestion in Collin County and in the fast growing North Texas corridor will only get worse in the coming years. In fact, from 2000-2017, Collin County has grown by 80%, McKinney by 200%, Frisco by 350% and Prosper by 600%. Collin County will continue to grow, leading to more jobs, more economic opportunities and more traffic. To speed up travel times and avoid gridlock, new non-tolled freeways need to be built along highly traveled roads. This proposition provides for the construction of non-tolled freeways that will alleviate congestion while safely and efficiently transporting residents to work, home and play.

Proposition B for \$140 million is meant for the construction on roads including participation in joint county-state and county-city projects. Congested streets in Collin County are a large problem that cannot be fixed solely with new roads. In addition to new roads, expanding and repairing existing roadways is a vital part of preparing Collin County for future growth.

Proposition C will be for the acquisition and improvement of land for park and open space purposes. Funding is \$10 million total to be sold over the course of 5 years in \$2 million increments. Parks and other entertainment venues provide our communities with much-needed outdoor activity and gathering places. New parks will need to be built to service our growing local neighborhoods. This proposition provides for the construction of new parks and open spaces, which will provide communal spaces for Collin County residents as well as residents from surrounding communities.

The voters of Collin County approved all three propositions. Projects are not finalized and debt will not be sold until sometime within the FY 2019 budget year. Table 10 is a schedule of projected bond sales over the next 5 years.

Impact on the Operating Budget

Collin County has five types of active capital projects: city roads, county roads, facilities, open space and tax notes. Below is a breakdown of what is included in each type along with any operating or maintenance expense that could result from each project type.

City Road Projects

City road projects are participation projects with cities to assist with funding roads within their jurisdiction and make up the largest portion of road projects. These consist of rebuilding bridges, improving roads and the purchase of right of way. Since these roads do not belong to the County, the County has no ongoing maintenance cost. The cities are responsible for maintaining these roads.

County Road Projects

County road projects consist of County Bridges, County Regional and County Rural roads on the County's Thoroughfare Plan. County bridge projects are replacement projects for existing bridges and drainage improvements in Collin County and so do not require budgeting any additional maintenance. County Regional projects span across multiple jurisdictions and are mainly made up of highways and arterials that help get people to and from the highway systems. These projects are overseen by the State of Texas as well as NTTA and include new arterials, right of way participation with cities as well as TxDOT, and road improvements. Regional roads are maintained by the state or the NTTA if they are tollways and so the County has no maintenance responsibility. County Rural roads are roads as well as some bridges that fall in the unincorporated areas. Rural projects include road improvements, drainage improvements and right of way acquisition. None of these projects require additional funding for maintenance because the County is not adding additional roadway, but rather improving the existing structures. For every mile of road it costs the County an average of \$4,313 a year to maintain. Included in the FY 2019 budget for existing rural road improvement projects is \$14,341 in the Road and Bridge Fund.

The County has a 50 Mile Program designed to help transition the County from dirt and rock roads to asphalt by converting 50 miles per year until all roads have been converted. Since the inception of this program Public Works has paved over 750 miles and has less than 50 miles remaining to improve. The conversion of these roads to asphalt will ultimately save the County

money on maintenance. The cost of re-rocking a road averages \$76,500 per mile and has to be re-done every 2-4 years depending on the use of the road. Other benefits of converting to asphalt include reduced dust and road material in the air as well as increased safety for drivers in all weather conditions.

Facility Projects

Facility projects consist of improving, expanding or constructing facilities. The expansion of Minimum Security and Juvenile Detention are no longer needed, but instead the County has determined there is a need to expand the jail. The scope and magnitude of the expansion is just beginning the planning phases. The operating impact of expanding the jail will not be determined until the expansion has been completed and will be budgeted in the General Fund with the rest of the facility. The remainder of the facilities projects are ones that have been completed or partially completed and no additional expansions are planned at this time. Maintenance has been included in the annual General Fund budget since the buildings were opened in 2011.

Open Space Projects

Open Space projects are mostly partnerships with cities to assist with the improvements of land for public use for parks and recreation. The County does have a few parks that are maintained by the County such as Myers Park, Parkhill Prairie and Sister Grove. The majority of the parks belong to the cities and do not require County maintenance. Parkhill Prairie and Sister Grove are maintained by caretakers and is budgeted annually in the General Fund. In FY 2019 the contracts total \$16,200 for both parks. Myers Park is maintained by a larger County staff and is also budgeted in the General Fund. The total budget for Myer's Park in FY 2019 is \$759,339 including staff, maintenance and training. Only one of the County park projects is anticipated to have an impact on the operating budget. This project will increase the number of electrical outlets in the Myers Park Show Barn and is expected to cost an additional \$20,151.40 in FY 2019 in electricity.

Tax Notes Projects

Tax Note projects are information technology projects as well as building construction projects that help the County to better serve its citizens. The decommissioning of the I-series and legacy software with the implementation of a new financial system will help to balance expenditures for hardware and software maintenance in FY 2019. As a part of the 2018 Tax Notes the County will be purchasing a new election system that could have an impact on the operating budget, but the impact is unknown at this time and is not anticipated until FY 2020 at the earliest. Maintenance for all technology and facilities is included in the General Fund once the project is live. Maintenance included in the General Fund budget for all Tax Note projects in FY 2019 is \$915,950. Future year estimates are based on contract maximum increases for technology items and utility cost increases for facilities.

Discretionary/Contingency Projects

In addition to the five types is Discretionary and Contingency Projects. During each bond election funding has been set aside for additional projects that might not have been specifically named in the original election as a Tier 1 Priority, but are included as Tier 2 projects should funding become available. These funds are held in a Discretionary account until they have been approved and allocated to a project at which point they become one of the six types of projects. There is no operating impact for these projects because the projects have not been identified yet.

Capital Improvement Project Funding Summaries

On the following two pages are summary tables of all of the Capital Improvement Projects. The revenues are broken down by project type while the expenditures are broken down by project group.

Table 12 on Page 408 shows the breakdown of budgeted bond revenues and expenditures by the bond series. There is very little funding still available in the old 1999 and 2001 series. Most of the funding still available from the old series is discretionary funding. This includes the Outdoor Camp funding. The funding will continue to be included in the budget until all remaining funds are allocated and expensed. Much of the 2007 series funding is sitting in active city or county projects that have not been completed for various reasons.

Table 13 on Page 409 shows the project to date budget and expenditures as well as what is available in the various projects for spending. Collin County Capital Improvement Projects are budgeted inception to date rather than annually so the available balance in each project is the budget for the current fiscal year.

Starting on Page 413 the Capital Improvement Projects are broken down into sections by project type with summary tables that are broken down by project groups and then down to the individual project level. The pages that follow the summary tables are the project detail pages. To find an individual project, look at the Project Locator, Table 14, beginning on Page 410. The Project Locator is organized by project group and the page numbers of the individual project are located in the far right column titled "Page Number".

Kathy Ward, Commissioner, Pct. 4

Collin County Budgetary Control Policy

1. This Budgetary Control Policy is to remain in effect until changed or otherwise repealed by Commissioners' Court.

2. Budget Amendments

The Director of Budget and Finance is authorized to amend the budget as needed for appropriated line items with an FYI Notification to the Commissioners Court for all amendments over \$5000 in accordance with Court Order 2005-589-08-01 and Local Government Code 111.070(c). In addition the Director of Budget and Finance is authorized to amend the budget within Capital Project Funds as needed for appropriated line items without an FYI notification to the court if: (1) the budget amendment will not increase or decrease the overall project budget, and (2) the budget amendment will not authorize an increase or decrease of any fund balance. The Director of Budget and Finance may require any budget amendment to be approved by Commissioners Court.

All budget amendment requests should be submitted on a form prescribed by the Director of Budget and Finance. The form should clearly identify the reason for the budget amendment. The following information must be included if applicable before a budget amendment can be processed:

- 1) a recommendation from the requesting department as to where to move the budget from;
- 2) all equipment should include pricing and availability verification provided by the Purchasing Department;
- 3) computer equipment and software should have a recommendation from the Information Technologies Department;
- 4) vehicles and gasoline powered equipment should have a recommendation from Equipment Services;
- 5) increases in payroll line items should have a recommendation from Human Resources.

Once all required documentation is received, the Director of Budget and Finance will review the request and process the request or make other recommendations. Once budget amendments are approved by the Director of Budget and Finance they are then forwarded to the Auditor's Office for processing or to Commissioners Court for approval.

3. Budget Categories

Budgets are adopted by major category. There are three major budget categories:

Salaries and benefits
Maintenance and operating
Capital Outlay

These three major categories are divided into sub-categories or project codes for budget control levels. Budget control levels vary by sub-category or project code depending on the characteristics of the line items. The budget control level for each sub-category is structured as follows:

<u>Category/Sub-category</u>	<u>Budget Control Level</u>
Salaries and Benefits	
Salaries and Fringe Benefits	sub-category level
Contract Labor	sub-category level
Maintenance & Operating	
Training and Travel	sub-category level
Administrative	sub-category level
Operating	sub-category level
Maintenance	sub-category level
Utilities	sub-category level
Other	line item level
Capital Outlay	line item level and project level

When budget control is held at the sub-category level transactions are allowed as long as the aggregate total transactions of all line items within the sub-category does not exceed the aggregate total of all line item budgets within that sub-category. Budgets may be exceeded at the line item level as long as the total of line item budgets within the sub-category is not overrun.

The budget for each line item may not be exceeded without proper approval when budget control is held at the line item level.

Capital outlay (other than capital project funds and grants) is restricted at two budgetary levels, the line item budget level and the project code budget level. Neither the line item budget nor the project budget may be exceeded without proper approval. Moving funds between project codes will require a budget amendment.

4. Capital Project Fund Budgeting

Capital project funds (fund numbers 400 through 498) require a different type of budgetary control because the budget is based on project lives and not on a fiscal year. The budgetary control level is at the line item level within each project code. The Permanent Improvement Fund, fund 499, requires an annual budget that must follow the same annual budgeting processes and procedures as other funds.

5. Grant Fund Budgets

Grant funds (fund numbers 100 through 199) also require different processes and procedures due to their unique nature. Grants often require budgets to be controlled by different fiscal years other than the County's fiscal year. Also budget categories for grants will typically differ from the County's budget categories. A project code is established for each grant budget category, and the budget control is held at the project level. Initial grant budgets and increases to the total grant budget should be approved by Commissioners Court; however, shifting budgeted funds between budget categories is allowed (with a notification to Commissioners Court), so long as it does not increase the overall grant expenditures.

6. CSCD Budgets

CSCD budgets are controlled on a different fiscal year than the County and have different budget categories than the County, so the budgets are controlled at a project code level similar to grants. Movement between budget categories must follow state guidelines and does not require Court approval or notification.

7. Non-Departmental Budget Expenditure and Authorization

All requisitions submitted for the non-departmental accounts must be forwarded by the requesting department to the Budget Department for approval.

8. Purchases

The Purchasing Agent is not authorized to allow any purchases that exceed budgeted funds without prior approval from the County Judge, Director of Budget and Finance, or Commissioners' Court along with a budget amendment. The County Auditor may allow budget overrides if the cause of the budget overrun will be cleared by an eminent accounting transaction or future grant funding.

The Director of Budget and Finance is authorized to purchase capital or non-capital replacement items if such item is in disrepair and funds are available in the capital replacement accounts.

Any requisition submitted by a department charged against an improper account number shall be returned to the department for correction. The Purchasing Agent and/or the County Auditor shall not change any account number on a requisition without first consulting with the Elected Official/Department Director concerned.

A purchase requisition shall not be submitted by any department without available funds within the budget category as prescribed. Such requisition shall remain at the department approval level until funds become available.

9. Training and Travel Expenditures

Elected Officials and Department Directors are not authorized to exceed Training and Travel funding without prior approval from the County Judge, the Director of Budget and Finance or Commissioners Court.

Prior to attending any function that would be classified as a Training and Travel expense, a County employee shall submit an estimate of the entire cost of attendance. The estimate should be submitted to the Auditor's Office and encumbered. Failure to submit an estimate of costs prior to attendance may result in loss of personal funds, or will require approval by Commissioners Court before a claim for any reimbursement can be paid.

10. Deficit Budget Balance

Any Elected Official/Department Director whose budget category ends in a deficit amount may lose funds in the following fiscal year equal to the deficit amount after evaluation by Commissioners' Court.

11. Annual Carryover of Funds

Requests for carryover funds that are not encumbered via a purchase order to a specified vendor shall be subject to rejection upon review. These requests shall be submitted, with justification, to the Director of Budget and Finance no later than August 31st. Each request will be reviewed by the Director of Budget and Finance, the County Auditor and the Purchasing Director and recommended to the Commissioners Court for approval.

Fund Balance Policy

Purpose: The purpose of this policy is to establish operating and reporting guidelines for the fund balances of the governmental funds of Collin County, Texas.

Fund Balance Classification: The county governmental-fund financial statements will present fund balances classified in a hierarchy based on the strength of the constraints governing how those balances can be spent. These classifications are listed below in descending order of restrictiveness:

- **Nonspendable:** This classification includes amounts that cannot be spent because they: (a) are not in spendable form (e.g., inventories and prepaid items); (b) are not expected to be converted into cash within the current period or at all (e.g., long-term receivables); or (c) are legally or contractually required to be maintained intact (e.g., the non-spendable corpus of an endowment).
- **Restricted:** This classification includes amounts subject to usage constraints that have either been: (a) externally imposed by creditors (e.g., through a debt covenant), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.
- **Committed:** This classification includes amounts that are constrained to use for specific purposes pursuant to formal action of Commissioners Court.¹ These amounts cannot be used for other purposes unless the Court removes or changes the constraints via the same type of action used to initially commit them.
- **Assigned:** This classification includes amounts intended by the county for use for a specific purpose but which do not qualify for classification as either restricted or committed. The intent can be expressed by Commissioners Court or by a combination of the County Auditor and the Budget Officer.²
- **Unassigned:** This classification applies to the residual fund balance of the General Fund and to any deficit fund balances of other governmental funds.

Order of Spending: Where appropriate, Collin County will typically use restricted, committed, and/or assigned fund balances, in that order, prior to using unassigned resources, but it reserves the right to deviate from this general strategy.

Minimum Fund Balance: Collin County generally aims to maintain a minimum unassigned fund balance of 120 operating days at fiscal year-end of each year in the General Fund. This should provide sufficient funding to operate the county during the first quarter since most property taxes are not collected until the second quarter of each year.

1. A commitment of fund balance requires formal action as to purpose but not as to amount; the latter may be determined and ratified by the Court at a later date. This is often important near year-end, when a purpose or need is known but a cost is not.

2. An assignment of fund balance implies an intent of Commissioners Court, but operationally, the ability to implement the intent may be delegated to one or more persons.

COLLIN COUNTY

2018 Investment Policy

I. Investment Authority and Scope of Policy

Introduction

This policy serves to satisfy the statutory requirements of Texas Local Government Code (LGC) Section 116.112 **Investment of Funds**, and Government Code (GC) Chapter 2256 **Public Funds Investment** (PFIA) to define and adopt a formal investment policy. This policy will be reviewed and adopted by order annually according to [GC Section 2256.005\(e\)](#).

Scope

This policy applies to all financial assets of all funds of the County of Collin, Texas, the Collin County Housing Finance Corporation, The Collin County Toll Road Authority, and the Collin County Health Care Foundation, unless expressly prohibited by law. Idle funds required to be kept in a non-interest bearing account by agreement with Commissioners Court are not subject to investment.

This policy establishes guidelines for: 1) who can invest County funds, 2) how County funds will be invested, and 3) when and how periodic reviews of investments will be made. In addition to the requirements of this policy, bond funds (as defined by the Internal Revenue Service) shall be managed in accordance with their issuing documentation and all applicable state and federal law.

All investments made with County funds that become unacceptable under [GC Chapter 2256](#) guidelines shall be held or liquidated as determined by the Investment Committee to be in the best interest of the financial well-being of the County. According to [GC Section 2256.017](#), an entity is not required to liquidate investments that were authorized investments at the time of purchase.

Investment Strategies

As permitted by [GC Chapter 2256](#), the County has established three pooled investment funds groups: 1) the Operating Pooled Investment Funds Group, 2) the Non-Operating Pooled Investment Funds Group and 3) the Capital Projects Pooled Investment Funds Group. In accordance with the Public Funds Investment Act, [GC Section 2256.005\(d\)\(1-6\)](#), a separate written investment strategy has been developed for each of the pooled funds groups under Collin County's control. Each investment strategy describes the investment objectives for the particular fund or groups of funds using the following priorities of importance:

1. Understanding of the suitability of the investment to the financial requirements of the entity
2. Preservation and safety of principal
3. Liquidity
4. Marketability of the investment if the need arises to liquidate the investment before maturity
5. Diversification of the investment portfolio
6. Yield

II. Investment Objectives

General Statement

Funds of the County will be invested in accordance with federal and state law and this investment policy. The County will invest according to investment strategies for each pooled investment funds group as they are adopted by order of the Commissioners Court in accordance with [GC Section 2256.005\(d\)\(1-6\)](#).

Safety of Principal and Maintenance of Adequate Liquidity

[GC Section 2256.005\(b\)\(2\)](#)

Collin County is concerned about the return of its principal. Therefore, safety of principal is the primary objective in any investment transaction.

The County's investment portfolio is structured in conformance with an asset/liability management plan which provides liquidity necessary to pay obligations as they become due.

Diversification

[GC Section 2256.005\(b\)\(3\)](#)

It is the policy of Collin County to diversify its portfolio to reduce the risk of loss resulting from over concentration of assets in a specific maturity, a specific issuer, or a specific class of investments. Investments of the County shall always be selected that provide for stability of income and reasonable liquidity.

Yield

[GC Section 2256.005\(b\)\(3\)](#)

In accordance with Government Code and PFIA, it is the County's goal to earn the maximum rate of return allowed on its investments within the policy imposed by safety and liquidity objectives, investment strategies for each pooled funds group, and state and federal law governing investment of public funds.

Maturity

[GC Section 2256.005\(b\)\(3\)](#)

Portfolio maturities will be structured primarily to meet the obligations of the County, and subsequently to achieve or obtain the highest return. When the County has funds that exceed current year obligations, maturity restraints will be imposed based upon the investment strategy for the non-operating investment pooled funds group. The maximum allowable stated maturity of any individual investment owned by the County in the non-operating pooled investment funds group is five years from settlement date, with the exception of Mortgage Backed Securities (MBS), which shall not have a stated final maturity date of greater than 10 years

County Investment Officer's Responsibility and Controls

In accordance with [GC Section 2256.005](#), the Commissioners Court shall designate, by resolution, the County Auditor and Budget Director as investment officers to be jointly responsible for the investment of its funds as defined in this investment policy.

The County Auditor shall deposit, withdraw or transfer funds in/out of an investment pool, money market mutual fund, or depository institution to meet the daily operational needs of the County. These transactions shall have approval of the County Judge, County Auditor, and County Budget Director. The governing body of the County retains ultimate responsibility as fiduciary of the assets of the County according to [GC Section 2256.005\(f\)](#).

Investment Committee

The Investment Officers, together with two members of Commissioners Court, shall be members of the Investment Committee. The Investment Committee shall review the investment portfolio's status and performance, advise appropriate portfolio adjustments, monitor compliance with the Investment Policy and Investment Strategy Statement, and perform other investment related duties as necessary.

Training Requirements

The investment officers and members of the Investment Committee shall:

- attend at least one investment training session containing at least 10 hours of instruction within 12 months after taking office or assuming duties,
- and attend at least one investment training session to receive at least 10 hours of investment training at least once in a two-year period that begins on October 1st and consists of the two consecutive years after that date.

All investment training sources must be approved by the County Investment Academy with the Texas Association of Counties and the training source must be independent of Commissioners Court. Training must include education in investment controls, security risks, strategy risks, market risks, diversification of investment portfolio, and compliance with the [Section 2256 of the Texas Government Code](#).

Investment training for the members of the Investment Committee shall be paid out of the Non-Departmental budget.

Investment Officer Disclosure

If an investment officer has a personal business relationship with an entity, or is related within the second degree by affinity or consanguinity to an individual seeking to sell an investment to the County, the investment officer must file a statement disclosing that personal business interest, or relationship, with the Texas Ethics Commission and the Commissioners Court in accordance with [GC Section 2256.005\(i\)](#).

III. Investment Policies

Authorized Investments

No investment shall be allowable for purchase unless authorized as part of The County Investment Policy adopted by Commissioners Court.

The Collin County Investment Officers shall use any or all of the following authorized investment instruments consistent with governing law under [GC Section 2256.009\(a\)](#) and the County's investment objectives:

1. Obligations, including letters of credit, of the United States or its agencies and instrumentalities;
2. Direct obligations of this state or its agencies and instrumentalities;
3. Collateralized mortgage obligations directly issued by a federal agency or instrumentality of the United States, the underlying security for which is guaranteed by an agency or instrumentality of the United States;
4. Other obligations, the principal and interest of which are unconditionally guaranteed or insured by, or backed by the full faith and credit of this state or the United States or their respective agencies and instrumentalities, including obligations that are fully guaranteed or insured by the Federal Deposit Insurance Corporation or by the explicit full faith and credit of the United States;
5. Obligations of states, agencies, counties, cities, and other political subdivisions of any state rated as to investment quality by a nationally recognized investment rating firm not less than A or its equivalent;
6. Certificates of deposit issued by a state or national bank, a savings and loan association domiciled in this state, or a state or federal credit union domiciled in this state and is:
 - a. Guaranteed or insured by the Federal Deposit Insurance Corporation or its successor or the National Credit Union Share Insurance Fund or its successor;
 - b. Secured by obligations that are described by [Section 2256.009\(a\)](#), including mortgage backed securities directly issued by a federal agency or instrumentality that have a market value of not less than the principal amount of the certificates, but excluding those mortgage backed securities of the nature described by [section 2256.009\(b\)](#); or
 - c. Secured in any other manner and amount provided by law for deposits of the investing entity; and
 - d. Solicited by bid or offer orally, in writing, electronically, or any combination of methods outlined under [GC Section 2256.005\(c\)\(1-4\)](#);
7. Commercial Paper is an authorized investment under [GC 2256.013](#) if the commercial paper:
 - a. has a stated maturity of 270 days or fewer from the date of its issuance; and
 - b. is rated not less than A-1 or p-1 or an equivalent rating by at least:

Authorized Investments (Continued)

- i. two nationally recognized credit rating agencies; or
 - ii. one nationally recognized credit rating agency and is fully secured by an irrevocable letter of credit issued by a bank organized and existing under the laws of the United States or any state.
8. Money market mutual funds registered with and regulated by the Securities and Exchange Commission and fully conforming with [GC Sections 2256.014](#) and [2256.016\(b\) and \(c\)](#) relating to the eligibility of investment pools to receive and invest funds of investing entities;
9. Investment pools, as discussed in the Public Funds Investment Act, [GC Section 2256.016-2256.019](#), are eligible if the Commissioners Court, by order, authorizes investment in the particular pool. An investment pool shall invest the funds it receives from entities in authorized investments permitted by [GC 2256.016](#). An investment pool may invest its funds in money market mutual funds to the extent permitted by and consistent with [GC 2256.016](#) and the investment policies and objectives adopted by the investment pool. The County, by contract, may delegate to an investment pool the authority to hold legal title as custodian of investments purchased with its local funds; and
10. Bonds issued, assumed, or guaranteed by the State of Israel.

The County expressly allows money market mutual funds and eligible investment pools authorized by the Commissioners Court to invest to the full extent permissible within the Public Funds Investment Act.

Prohibited

As outlined under [GC Section 2256.009](#), the Collin County Investment Officers have no authority to use any of the following investment instruments, which are strictly prohibited:

1. Obligations whose payment represents the coupon payments on the outstanding principal balance of the underlying mortgage-backed security collateral and pays no principal;
2. Obligations whose payment represents the principal stream of cash flow from the underlying mortgage-backed security collateral and bears no interest;
3. Collateralized mortgage obligations that have a stated final maturity date of greater than 10 years;
4. The interest rate of which is determined by an index that adjusts opposite to the changes in a market index; and
5. Repurchase agreements even though they are allowable within limits by [GC 2256.011\(a\)\(1-4\)](#).

IV. Investment Responsibility and Control

Investment Advisors and Providers

The Collin County Investment Officers shall invest County funds consistent with federal and state law, the County's Investment Policy, and the current depository bank contract with any or all of the following institutions or groups:

1. Depository bank;
2. Other state bank, national bank, savings and loan association, or a state or federal credit union domiciled in Texas insured in full by either Federal Savings and Loan Insurance Corporation or Federal Deposit Insurance Corporation;
3. Public Funds Investment Act Pools passage of a resolution by the Commissioners Court, as well as the required inter-local agreement;
4. Government securities brokers and dealers approved by Commissioners Court;
5. Money Market mutual funds reviewed and recommended by the Investment Committee and approved by the Commissioners Court; Money Market mutual funds reviewed and recommended by the Investment Committee and approved by the Commissioners Court.

Qualifications of Approval of Brokers/Dealers

Investment advisors and investment providers shall adhere to the spirit, philosophy and specific terms of this policy and shall invest within the same "Standard of Care" whereby the primary objective is the preservation and safety of principal.

In accordance with [GC Section 2256.005\(k\)](#), a written copy of this investment policy shall be presented to any person seeking to sell to the County an authorized investment, including investment pools and money market mutual funds. The registered principal of the business organization seeking to sell an authorized investment to the County shall execute a written instrument substantially to the effect that the registered principal has:

1. Received, reviewed, and agreed to adhere to the investment policy of the County;
2. Acknowledged that the business organization has implemented reasonable procedures and controls in an effort to preclude investment transactions conducted between the County and the organization that are not authorized by the County's investment policy;
3. Provided audited financial statements;
4. Provided proof of National Association of Securities Dealers (NASD) Certification;
5. Provided proof of state registration; and
6. Completed Broker/Dealer Request for Information.

Selected Investment Advisors and Investment Brokers/Dealers shall provide timely transaction confirmations and monthly activity reports.

The investment officers may not buy any securities from a person who has not delivered to the County an instrument substantially in the form provided above according to [GC Section 2256](#).

Approval Process of Broker/Dealer

Upon meeting the requirements established under [GC Section 2256.005\(k\)](#), which includes the execution of a written instrument as described above, any person offering to engage in an investment transaction with the County may present a written request to the Investment Committee. The Investment Committee shall review the request and if appropriate present the request to Commissioner's Court for approval.

As specified under [GC Section 2256.025](#), the designated Investment Committee shall present annually a list of qualified investment brokers/dealers to the Commissioners Court for review, revisions, and approval. Once the list of qualified brokers/dealers has been adopted, only those named brokers/dealers shall be approved and qualified to engage in investment transactions with the County.

Standards of Operation

The County Investment Officers shall develop and maintain written administrative procedures for the operation of the investment program, which shall be consistent with this investment policy.

Delivery vs. Payment

[GC Section 2256.005\(b\)\(4\)\(E\)](#)

All investments except PFIA investment pools, or operating investments, shall be purchased using the "Delivery vs. Payment" (DVP) method through the Federal Reserve System. By so doing, County funds are not released until the County has received the securities purchased through the Federal Reserve wire.

When competitive offers are sought, the County will send a Request for Offer form to at least three approved and qualified broker/dealers. If a specific maturity date is required, offers will be requested for instruments which meet those purposes. The County will accept the offer, which, in its sole discretion, is determined to best provide the highest rate of return within the maturity required. Offers will not be accepted which do not meet the specified criteria in the request for offer or where the deadline specified on the request for offer(s) is not met.

For those situations where market conditions may dictate a change in the offer process noted above, the County may accumulate at least three unsolicited offers of investments for consideration to purchase. The investments considered must be comparable in structure, term, maturity, and rate. Furthermore, the offers accumulated must be no older than 5 business days prior to the date of purchase notification.

Offers may be solicited in any manner provided by law, including e-mail. All offers must be from brokers/dealers previously approved and qualified by Commissioners Court. All offers received and considered which lead to an acceptance of the offer must be documented and filed for auditing purposes.

Audit Controls

The Investment Officers shall prepare investment processes and forms to establish accounting and audit controls. The Commissioners Court will have an annual financial audit of all county funds by an independent auditing firm, as well as an annual compliance audit of management controls on investments and adherence to the County's established investment policies in accordance with [GC Section 2256.005\(m\)](#).

Standard of Care

In accordance with *GC Section 2256.006*, investments shall be made with the judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of a person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived. Investment of funds shall be governed by the following investment objectives, in order of priority:

1. Understanding of the suitability of the investment to the financial requirements of the entity;
2. Preservation and safety of principal;
3. Liquidity;
4. Marketability of the investment if the need arises to liquidate the investment before maturity;
5. Diversification of the investment portfolio; and
6. Yield.

In determining whether an Investment Officer has exercised prudence with respect to an investment decision, the determination shall be made by taking into consideration:

- The investment of all funds, or funds under the County's control, over which the Investment Officer had responsibility rather than a consideration as to the prudence of a single investment; and
- Whether the investment decision was consistent with this written investment policy of the County.

V. Investment Reporting and Performance Evaluation

In accordance with *GC Section 2256.023*, not less than quarterly, the Investment Officers shall prepare and submit to the Commissioners Court a written report of investment transactions for all funds for the preceding reporting period, within a reasonable time after the end of the period. The report must:

1. Describe in detail the investment position of the County on the date of the report;
2. Be prepared jointly by all Investment Officers;
3. Be signed by each Investment Officer;
4. Contain a summary statement of each pooled investment funds group that states:
 - a. Beginning market value for the reporting period;
 - b. Ending market value for the period; and
 - c. Fully accrued interest for the period; and
5. State the book value and market value of each separately invested asset at the end of the reporting period by the type of asset and fund type invested;
6. State the maturity date of each separately invested asset that has a maturity date;
7. State the account, fund or pooled group fund in the state agency or local government for which each individual investment was acquired;
8. State that compliance of the investment portfolio of the County complies with:
 - a. The County's investment policy;
 - b. Relevant provisions of *GC Chapter 2256*; and

- c. Changes in ratings by Standard & Poor's or Moody's of investments owned at the end of the reported quarter ([GC Section 2256.005b](#)); and
9. The County shall seek a third party independent pricing source to determine the value of the County's investment portfolio.

Notification of Investment Changes

It shall be the duty of the Investment Officers to notify the Commissioners Court of any significant changes in current investment methods and procedures prior to their implementation, regardless of whether they are authorized by the policy or not.

VI. Investment Collateral and Safekeeping

Collateral or Insurance

The Investment Officers shall ensure that all County funds are fully collateralized, or insured, in a manner consistent with this investment policy and with federal and state law; and that current bank depository contracts hold one or more of the following:

1. FDIC insurance coverage;
2. Obligations of the United States or its agencies and instrumentalities; and/or
3. Allowance under [GC Chapter 2257](#) Collateral for Public Funds.

Safekeeping

All purchased securities, as well as pledged securities by the depository bank, shall be held in a safekeeping account subject to the control and custody of the County, specifically in a third party financial institution with the Federal Reserve Bank or the Federal Home Loan Bank of Dallas.

All certificates of deposit purchased outside the depository bank shall be held in safekeeping, by the issuer, in a County account; and all investments must be fully collateralized at 102 percent of face value.

VII. Investment Strategy by Pooled Investment Funds Group

Operating Pooled Investment Funds Group

The objective of the Operating Pooled Investment Funds Group is to maximize earnings on short term idle cash (needed to meet obligations in less than one year) while preserving the safety of the principal invested. Liquidity must be maintained to ensure adequate access to meet operating and payroll requirements. Investments of this Pooled Funds Group shall not exceed a maturity of greater than one (1) year and must maintain a weighted average maturity of not more than 90 days. This Group shall invest in the types of investments authorized under this Investment Policy to maximize earnings with emphasis on safety of principal and liquidity. Any County fund may participate in the short term Pooled Funds Group.

Non-Operating Pooled Investment Funds Group

The objective of the Non-Operating Pooled Investment Funds Group is to strategically maximize earnings on longer term investments. The maturity of any investment within the Non-Operating Pooled Funds Group may not exceed five years (60 months), unless the investment type is a mortgage backed security. Mortgage Backed Securities are not authorized to have a stated final maturity date of greater than 10 years. Non-Operating Investments shall be conducted in a manner to create a laddering strategy of maturities to perform the following: 1) match cash flows with the demand for cash; 2) manage the flow of money, ensuring a steady stream of cash flows throughout the year; and 3) reduce the risks of changing markets. This Group shall invest in the types of investments authorized under this Investment Policy to maximize earnings with emphasis on safety of principal. Only County funds with idle cash not required to meet obligations within one year may participate in this Pooled Funds Group.

Capital Projects Pooled Investment Funds Group

The objective of the Capital Projects Pooled Investment Funds Group is to maximize earnings on idle cash that is not needed in the short term to meet obligations to fund capital projects fund activities while maintaining the safety of the principal. The maturity of any investment by the Capital Projects Funds Group may not exceed (3) three years, and any investment over one year must be scrutinized to ensure liquidity of funds shall meet all obligations for payments of capital projects. This Group shall invest in the types of investments authorized under this Investment Policy to maximize earnings with emphasis on safety of principal and timing of liquidity. Only capital projects funds, which are primarily funded with debt proceeds, may participate in this fund group. MBS Investments are not allowable under this Pooled Funds Group.

Glossary of Terms

Account: Financial reporting unit for budget, management or accounting purposes.

Accounting System: The total set of records and procedures, which are used to record, classify, and report information on the financial status and operations of an entity.

Accrual: The recognition of a transaction at the time it occurs, as opposed to when cash is spent or received.

Accrual Basis: The basis of accounting in which transactions are recognized at the time they are incurred, as opposed to when cash is received or spent.

Activity: A specific unit of work or service.

Ad Valorem Taxes: Commonly referred to as property taxes, are levied on both real and personal property according to the property's valuation and the tax rate.

Appropriation: An authorization made by the Commissioners Court, which allows officials to incur obligations and make expenditures of governmental resources. An appropriation is typically granted for periods of one year and specified for fixed amounts.

Assessed Valuation: An estimated value placed upon real and personal property by the appraisal district as the basis for levying property taxes.

Assets: Property owned by the County, which has monetary value.

Audit: A systematic examination of resource utilization. The audit is a test of management's internal accounting controls and is intended to verify financial positions and the legality of transactions; to identify improvements in accounting systems and accuracy and consistency of transactions; and to certify the stewardship of officials responsible for governmental funds.

Authorized Positions: All positions authorized by Commissioners Court for each office and department. This includes both full time and part time positions.

Available Fund Balance: The cash remaining from the prior year, which is available for appropriation and expenditure in the current year.

Balanced Budget: A financial term used when either revenues equal expenses or when revenues exceed expenses.

Base Budget: Ongoing expense for personnel and maintenance and operations required to maintain service levels previously authorized by the Commissioners Court.

Bond: Bonds are used as long-term debt instruments to pay for capital expenditures. A bond is a written promise to pay a specified sum of money (principal) at a specific future date (maturity date), as well as periodic interest paid at a specified percentage of the principal (interest rate).

Bond Rating: The credit-worthiness of a government as evaluated by independent agencies.

Bond Refinancing: The payoff and re-issuance of bonds to obtain better interest rates and bond conditions.

Budget (Operating): A financial operation plan consisting of an estimate of proposed expenditures for a fiscal year and an estimate of proposed revenues. The term is also used to identify the officially approved expenditure levels under which the County and its offices and departments operate.

Budget Calendar: The schedule of key or target dates, which the County follows in the preparation and adoption of the budget.

Budget Document: The instrument used by the Budget Officer to present a comprehensive financial program to Commissioners Court.

Capital Assets (Fixed Assets): Assets of significant value, which have a useful life of several years.

Capital Budget: A plan of proposed capital expenditures and the means of financing the proposals. The capital budget is based on a Capital Improvement Program.

Capital: The expenditure group used to fund capital outlay purchases such as furniture, computers, vehicles and kitchen and laundry equipment. Purchases made from the capital expenditures group become fixed assets of the County.
