TRIAL DATE:

In order to best accommodate as many trials as we possibly can, if you could answer the below questions and **file the response by the Thursday at 10:00 a.m. before trial** to assist us in coordinating the trial schedule, we would be very appreciative.

- 1) Has your case settled? YES/NO
If your case has settled, the trial setting will be removed.

- 2) If settled, do you need a motion to enter/sign setting? YES/NO
Each side will be afforded 10 minutes to enter the settlement, please schedule with the Court.

- 3) If your case has not settled, will either side be asking for a continuance? YES/NO
Even if the continuance is agreed, it still requires the Court approval. Unless you have a Court approved continuance or reset, plan on attending your scheduled settings.

- 4) Have you gone to mediation? YES/NO
If you have not gone to mediation, you will be limited to one hour per side for your trial setting.

- 5) Have you reached any agreements and will now need less time than originally scheduled for any remaining contested issues? Even if you have not reached any agreements, do you anticipate your case taking less time than scheduled? If so, please respond with how much time per side is needed. _____ per side
