

C.S.C.D. MISSION STATEMENT

To protect the community through supervision/incarceration of the offender, to deter criminal behavior through the administration of sanctions, to encourage positive changes in the offender's behavior and to increase community corrections involvement. Our corrections philosophy is that offenders should be held strictly responsible and accountable for their actions, while being assisted in facilitating pro-social changes in behavior.

V.A.L.O.R. MISSION STATEMENT

The mission of V.A.L.O.R. and its personnel is:

- A. To equip Veteran offenders with cognitive tools and decision-making strategies to address errors in thinking.
- B. To facilitate positive changes through participation in counseling, group activities, and skills-building exercises.
- C. To model pro-social behaviors fitting of a U.S. Veteran throughout the program participation.
- D. To motivate participants to exhibit positive behaviors by assisting in re-establishing control in their lives.
- E. To create an environment where Veteran offenders will be safe to grieve, process, and heal from the invisible wounds of their service.

Our philosophy is that Veteran offenders should be held strictly responsible and accountable for their actions, while being provided alternative resources for positive and pro-social behavioral changes.

This program is supported by a grant from the Texas Veterans Commission Fund for Veterans' Assistance.

The Fund for Veterans' Assistance provides grants to organizations serving veterans and their families.

Why Choose VALOR?

VALOR is a Treatment Program. Each participant is assigned a clinical therapist and an individual treatment plan is created for their specific needs in accordance with their assessment scores. Their goals and success are measured not only by their program participation, but also on their personal growth.

VALOR is for Veterans Only. We accept eligible Veteran defendants from across Texas. They are housed together in the same POD and attend all group sessions and work crew as one unit. This design is similar to their military experience and serves as a constant reminder that they are never alone; a community of peers struggling with the same issues.

VALOR is not a Conviction. The program is designed for Veterans on probation, therefore although housed in an ISF facility, Veterans will not lose their VA disability benefits based on a conviction status.
