

FLEXIBLE SPENDING ACCOUNT CARD

What is a Flexible Spending Account Card?

An FSA card, also known as a Health Care Spending Card, is a debit Mastercard that can be used to pay for eligible health and dependent care expenses at the point of sale, including qualified medical expenses for dependents. This card is used to access funds from your dependent or health flexible spending account.

Cards will be sent automatically upon enrollment and are valid for four years. If you prefer not to use the card, the card can be shredded.

Ways to Use Your Card for a Health FSA:

Medical, Dental, and Vision

- You can swipe your card at a provider that has a valid Merchant Category Code (MCC) for any dollar amount as long as the funds are available in your FSA.

Pharmacy and over-the-counter (OTC)

- You can swipe your card at approved pharmacies for any qualifying member responsibility prescriptions, over-the-counter medications, supplies and materials.

Examples of Where I Can Use My FSA Card

- | | | | |
|-------------|-----------|--------------|-----------|
| • Kroger | • Walmart | • Sam's Club | • Target* |
| • Walgreens | • HEB | • Costco | • CVS* |

*FSA may be used, but pharmacy is not in-network.

Ways to Use Your Card for a Dependent Care FSA:

Dependent Care Expenses

- You can swipe your card at a dependent care provider that has a valid MCC for any dollar amount as long as the funds are available in the dependent care account. Not all care facilities may be set up to accept FSA cards.

Note: Not all facilities may be set up to accept the Flexible Spending Account Card. Please confirm with the vendor if they accept FSA. If not, claims may be submitted to UnitedHelathcare for reimbursement.
