We need your help!

The Collin County Farm Museum's educational program thrives on offering our community unique, hands-on historically based workshops.

We need instructors for workshops...
and suggestions for workshops.

It was your suggestion that led to the cheese making, soap making, broom making workshops. Please let us know what other workshops you are interested in.

Contact Jennifer Rogers at 972-548-4792 or email at ccfm@collincountytx.gov

From the Museum Coordinator

The education programs at the Collin County Farm Museum have finally started to take off and we are reaping the benefits. We have more than doubled last year's revenue in just the first half of our fiscal year. Additionally, school tours, the Schoolhouse Farm and Friends program, as well as walk-in visitors to the museum have greatly increased.

I would like to take this opportunity to thank all my volunteers who make the museum and the Antique Driving Classes popular. I would also like to welcome a new volunteer, Randy Lucas (who is pictured here with his grandson).

*Thank
You!*

Jennifer C. Rogers, Museum Coordinator
Collin County Farm Museum

Grow & Learn

Glen Oaks 1st Graders

The Collin County Farm Museum was invited to present at one of its favorite elementary schools, Glen Oaks Elementary with McKinney ISD, in April. Over the past several years, we have done several presentations there because of the school's wonderfully engaging PBL (Project Based Learning) curriculum.

Ms. Davis invited the Collin County Farm Museum to kick off their section on plant life with our Organic Farm presentation. We began our program by reading *Molly's Organic Farm* written by Carol Malno and illustrated by Trina Hunner. This is a great book for all ages which introduces key terms and concepts for planting and caring for crops.

The first graders were thrilled to read about a homeless cat who found her home on an organic farm. The story is well told because the kids got to see everything from the cat's point of view. They learned about compost, beneficial pest, and companion planting. Using the information they learned about which plants like each other and which ones do

Fall into the Leaves ~ Kids Crafts...

PROGRAM	DATE	TIME	FEE
Milk Carton Bird Feeder	Sep. 4, 2015	4 –5 pm	\$10
Pine Needle Weaving	Sep. 11, 2015	4 –5 pm	\$10

Acorn Cap Jewels	Aug. 22, 2015	9:30—11 am	\$10
Bubble Bird Bath	Aug. 29, 2015	9:30—11 am	\$10

not, each class designed their own garden.

Then came their favorite part of the presentation... they got dirty making Seed Bomb Balls. By mixing clay and potting soil, each student made a protective ball for their seeds. Seed Bomb Balls are a great way to start a garden. The seeds are protected from being eaten by being encased in the dirt balls. The balls are heavy which prevent them from being blown away. The potting soil provides the nutrients the seeds need to germinate.

The 1st graders planted Seed Bomb Balls in little pots (which they will be able to take home with them during the summer) and set them on the classroom windowsill.

The Collin County Farm Museum had a blast with the Glen Oaks Elementary 1st Graders. When we went back to take pictures of the students' projects, we saw the students making the connections between the project and their class work.

Ms. Davis

Mrs. Walters

Soap Workshop

PROGRAM	DATE	TIME	FEE
Soap Molds	Jul. 31, 2015	5:30—7:30 pm	\$20
