Honoree's Job Title: Functional Analyst

Department: District Attorney

Why the Honoree is receiving a GEM Award including dates:

I am recognizing **Misti Bilderback** for her critical role in getting our office's new AXON evidence portal successfully launched. This was a complex, high-stakes project that required extensive coordination with programmers, IT, and outside agencies.

Misti participated in every meeting, handled technical issues as they arose, and ensured our staff was fully trained and ready to adapt. She managed all of this while carrying her normal workload, demonstrating both initiative and endurance under demanding deadlines. Her ability to problem-solve in real time, keep the project on track, and guide others through the transition was indispensable. The successful implementation of AXON would not have happened without her extraordinary efforts.
