Going the Extra Mile (GEM) Recognition Form

Honoree's Name: _____Mike Sullivan_____

Honoree's Job Title: _____Environmental Construction Specialist_____

Department: _____Engineering_____

Years of Service with the County: _____17 years_____

Why the Honoree is receiving a GEM Award including dates:

Mike has devoted a considerable amount of his time over the past year in helping to configure and implement a new software system for the Engineering department. Aside from attending configuration and testing sessions, Mike has been testing the system on his own and has brought to me many needed changes in order to make the system work better for our department. This process has taken a long time and most recently, within the last 6 months, Mike has devoted time every week to testing and helping to configure the system. Mike has been instrumental in helping to successfully configure the system. The time it has taken to do this has taken time away from Mike's regular work duties however, Mike has been able to manage to do both.
