During inspections on heat exchangers, it was found that (7) units needed to be repaired. Due to the cold weather and operations, Mr. Gray came in on his scheduled day off on a Saturday to replace (7) heat exchangers at the Collin County Healthcare facility. The team had the repairs completed by noon and the Facility was able to be back up to normal temperatures that afternoon. They did a fantastic job with the repair and we greatly appreciate Mr. Gray's dedication.
