

Collin County

Going the Extra Mile (GEM) Recognition Form

Honoree's Name: Ramona Luster

Honoree's Job Title: GIS Coordinator

Department: IT/GIS

Years of Service with the County: 14

Why the Honoree is receiving a GEM Award including dates:

Ramona helped solve a problem that Stacy Moody (Geo-Code Coordinator, SO) was having along the Collin/Denton County line. The SO required map grids for all of the property that Celina, Prosper and Frisco have annexed in Denton County.

Ramona acquired all of the necessary Denton County data and added to our GIS database. She also produced a map grid series with normal and aerial photography. Stacy was so delighted that she suggested that Ramona earn a GEM Award.

This GEM award recognizes Ramona's ability to understand the problem, collaborate with the customer and solve the problem. She does this level of work all the time. What made this instance award worthy is she was able to collect all the Denton County data and provide exactly what the SO needed in a very short period of time.

Approved by elected official or department head on the 24 day of Oct., 2014
