Why the Honoree is receiving a GEM Award including dates:

Robyn has been an effective member OCCB and a major contributor to the Odyssey 2014 upgrade. The ODY upgrade took over 12 months to finally go into production. When the Odyssey 2014 went into production she worked almost a 24 hour shift to resolve outage issues. In addition, she has received specific recognition this year from the District Attorney's Office and the District Clerks Office for her ECR work. She also worked with five (5) Texas counties to help them with their ODY issues this year. Robyn Winans is the Employee of the Year 2016 for the IT Department.

Robyn lost her long-time boyfriend earlier this year. She has maintained her professionalism and poise throughout this difficult time in her life. I think Misti Bilderback said it best in her email to Caren last month:

I just wanted to give a shout out to Robyn. She has built several Odyssey reports for me these last few months. Even during a time of personal loss, she managed to complete everything timely and with a bright attitude. She is such a joy to work with. I even had requests from other counties asking me to share the reports she has built.
