Why the Honoree is receiving a GEM Award including dates:

JPO Casey Hendrix has been the part of the Techshare smoke test team hand-picked to help JPD go paperless since mid-2024. She and several other staff members were part of a small group that tested the site, troubleshooting issues before having the department go live. She held meeting (both in-person and zoom) to discuss options for better transition including actively testing quality of information and removing the use of paper files/documents. This was above and beyond the scope of her duties and we appreciate her stepping in because now JPD is mostly paperless.
