Why the Honoree is receiving a GEM Award including dates:

On the week of April 5th, 2021, Monty Faison was recognized for going above and beyond in being a critical support for departmental operations and the ultimate team player. During the pandemic, Monty has lead the department's clinical services team to ensure kids and families continue to receive needed clinical services and support. Outside of his extremely busy and demanding primary job responsibilities, Monty routinely and without prompting engages with all departmental staff. Because of his extensive training, expertise, and his natural ability to foster relationships, Monty has routinely been able to identify stressors with departmental personnel themselves and taken the time to help departmental staff process their own stressors which have helped employee retention and positively impacted employee absences during an extremely stressful period. Monty's natural abilities as a support for both kids and families have proven to be invaluable to the department and to the citizens of Collin County. His contributions have never been more evident to our kids, families, and staff.

Approved by elected official or department head on the 8th day of April, 2021.
