

Collin County Going the Extra Mile (GEM) Recognition Form

Honoree's Name: Penny Robbins
First Name Middle Initial Last Name

Honoree's Job
Title: Traffic Maint. tech – Public Works

Department: Public Works

Years of Service with the
County: 7 years

Why the Honoree is receiving a GEM Award including dates:

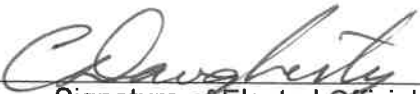

As part of the County's Measureable Goals for our Storm Water Management Plan, the county holds Stream Clean-up events. Penny has been organizing and facilitating these events since 2011. These events are above and beyond Penny's assigned duties in the sign shop. Penny utilizes CSCD volunteers to help with this program and does it on the weekends. Since 2011, Penny has successfully held cleanup events each year from 2011-2017. Totals below from 2011-2016

- Total creeks cleaned out: 27
- Total tons of garbage removed: over 12 tons
- Total volunteer hours: Over 500 volunteer hours

The success of this program cannot be attained without Penny's help. She is extremely organized. Penny submits documentation each year to include: pictures, volunteer hour logs and debris trip tickets. The Engineering Department is extremely grateful to Penny for her help in making this goal attainable. Because of her success, we have helped to clean up many illegal dump sites and maintain a healthy creek environment in Collin County.
