

Collin County

Going the Extra Mile (GEM) Recognition Form

Honoree's Name: Dan Dixon

Honoree's Job Title: Maintenance Tech

Department: Road and Bridge

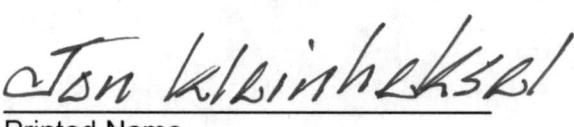

Years of Service with the County: 5.8

Why the Honoree is receiving a GEM Award including dates:

For several years, Dan Dixon has coordinated the department's probationer/community service program with undeniable success. The program allows probationers to work their court ordered community service hours at Public Works. Dan manages the program with military precision and virtually no oversight necessary from supervisors, which allows them to focus on other issues. Dan's efforts have contributed to probationers cleaning litter from county roads for years, which benefits the County with clean roads and cost savings. On days without any probationer help, Dan still travels the county roads solo searching for and cleaning litter from them. His record keeping and paperwork are always spotless and accurate which Public Works reports to the S.O. for illegal dumpsite statistics. Public Works is grateful for his work ethic and dedication to the success of this program.

Approved by elected official or department head on the 21st day of September, 2022.
