Why the Honoree is receiving a GEM Award including dates:

Lindsey DeBorde came to the North Texas Fusion Center in December 2021, and made an immediate impact beyond even our loftiest expectations. Lindsey stepped in and took control of Fusion Center analytic operations immediately, relying upon her many years of prior government service. Lindsey successfully produced and disseminated a number of analytic products that enhanced the safety and security of multiple events and facilities during that period.

In addition to her analytic accomplishments, Lindsey also serves as the Fusion Liaison Officer (FLO) Program Lead. The FLO Program is the backbone of the NTFC; it is the primary mechanism by which all fusion-related information passes between the NTFC and our law enforcement partners. As a result of Lindsey's efforts the FLO Program now boasts almost 500 members, a sixty percent increase in membership from the previous year.

Lindsey is capable of fully performing any job in the NTFC, including analytic work and administrative direction.
