Why the Honoree is receiving a GEM Award including dates:

Jayna managed a six month project to install a functioning queuing system in the Motor Vehicle Department in the McKinney Tax Office. Jayna worked with both the IT Department and Nemo-Q to coordinate the implementation of the system. She negotiated the return of equipment that we did not need to gain a TV screen and LED light-up signs to designate the workstations and the called numbers. There were many delays and numerous meetings to finalize the installation of the kiosk, TV and light-up signs. Jayna followed up with IT and Nemo-Q every step of the way to get the kiosk operating successfully.
